Department Of CSE**

Objective of the Seminar:

- **Education and Awareness:** To educate participants about the fundamentals of intellectual property rights (IPR), including patents, trademarks, copyrights, and trade secrets. This involves understanding their importance, scope, and application in various industries.
- **Current Challenges:** To discuss and analyze the current challenges faced in the field of IPR, such as legal complexities, international regulations, emerging technologies (like AI and blockchain), and global trade dynamics.
- **Opportunities for Innovation:** To explore how IPR can foster innovation and creativity in business and research contexts. This may include case studies and examples of successful IP strategies that have led to business growth and competitive advantage.

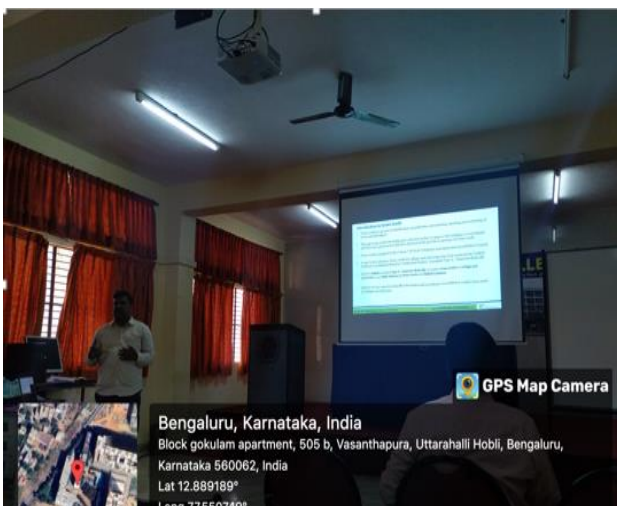

Outcomes of the Seminar:

The seminar yielded several outcomes for the participants:

- **Policy and Legal Understanding:** Policymakers and legal professionals gain insights into the implications of intellectual property policies and regulations, fostering discussions on improving frameworks for IP protection and enforcement.
- **Networking and Collaboration:** The seminar facilitates networking opportunities among participants from diverse backgrounds (e.g., legal, business, academia), potentially leading to collaborations on research projects, business ventures, or policy initiatives related to intellectual property.
- **Innovation and Creativity Promotion:** Discussions on the opportunities provided by intellectual property rights inspire participants to explore new avenues for innovation, research, and development, contributing to economic growth and competitiveness.

REPORT OF GUEST LECTURE ON 25TH NOVEMBER 2021

The Department of Civil Engineering, City Engineering College organized the guest lecture on “**CONSTRUCTION PROJECTS – PROBLEMS & SOLUTIONS**” by Er. Natarajan K B, Senior Trainer, CMTI, Bangalore on 25/11/2021 at 11:00a.m in Seminar Hall, 4th Floor, Department of Civil Engineering. Mrs. Vidyadhare, Asst. Prof., Department of Civil Engineering welcomed the speaker and audience & introduced the speaker. Er. Natarajan K B explained the practical difficulties & ways of overcoming it in Civil Engineering field. Also, he narrated about soil sliding during excavation, strengthening of soil & soil stabilization.

"Research Methodologies in Computer Science: An Overview"

The Seminar was held on 22nd September 2021 at 11:00 AM via Google Meet, organized by Dept. of CSE. The event aimed to provide a comprehensive overview of various research methodologies relevant to the field of computer science, highlighting their applications and significance. Key sessions included an introduction to different research approaches such as experimental, theoretical, and computational methods, a comparison of qualitative and quantitative approaches, techniques for data collection and analysis, and ethical considerations in research. Practical applications were illustrated through case studies. Participant feedback was overwhelmingly positive, noting the seminar's informative content and the clarity of presentations, with a suggestion for more hands-on workshops in future events. Overall, the seminar successfully imparted valuable insights into computer science research methodologies and paved the way for more interactive sessions in the future.

The webinar on "Developing Research Orientation of Academicians in Higher Education Institutions" highlighted the critical role of research in academic excellence. Esteemed speakers emphasized the need for faculty to engage in continuous research to stay updated with advancements in their fields. Participants were encouraged to integrate research with teaching for a more enriched learning experience.

The webinar also covered the challenges faced, such as limited resources and heavy teaching loads, and proposed solutions like institutional support and time management techniques. Case studies of successful research initiatives were shared, inspiring attendees to innovate and contribute to their disciplines. Overall, the event stressed that a robust research orientation among academicians is pivotal for the growth and reputation of higher education institutions.
