A Report on Celebration of Republic India-2023

Date: 26th January 2023

Venue: CEC Campus

No of Participants: 20

The NSS Club of City Engineering College, Bengaluru, organized a grand celebration of Republic Day on 26th January 2023. The event was graced by our respected Principal, Dr. Karunakara, along with all the staff members and students. The celebration commenced with the unfurling of the national flag by Dr. Karunakara, followed by the singing of the National Anthem, which filled the campus with a sense of pride and patriotism.

In his address, Dr. Karunakara emphasized the importance of the day, reminding everyone of the values enshrined in our Constitution and the responsibilities of being a citizen of India. He also highlighted the role of education in nation-building and encouraged students to contribute positively to society.

Report on

BLOOD DONATION AND HEALTH CHECKUP CAMP

Number of Participants:250

Every year countries around the world celebrate World Blood Donor Day (WBDD). The event serves to raise awareness of the need for safe blood and blood products and to thank voluntary, unpaid blood donors for their life-saving gifts of blood.

A blood service that gives patients access to safe blood and blood products in sufficient quantity is a key component of an effective health system. The global theme of World Blood Donor Day changes each year in recognition of the selfless individuals who donate their blood for people unknown to them.

NSS of City Engineering College, Bengaluru, organized Blood donation and health checkup camp in our college campus on 17th March 2023 in association with ROTARY CLUB KANAKAPURA road and **BANGALORE MEDICAL SERVICE TRUST (BMST)**.

The poster is a rectangular graphic with a pink border. At the top, it features logos for Rotary District 3190, IMAGINE ROTARY, and StarWalker. The main text reads: "Rotary Bengaluru Kanakapura Road Cordially Invites You To FREE HEALTH CHECKUP CAMP BY VASAVI HOSPITALS, KUMARASWAMY LAYOUT". Below this, a pink oval contains the venue details: "City Engineering College, Kanakapura Road, Near METRO Station, Doddakallasandra, Bikasipura, Bengaluru, Karnataka 560062". To the right, a list of "FREE SERVICES" includes: "CARDIAC Screening", "QRISK – Risk Calculation", "General Health Check Up", "Eye Screening", "Random Blood Sugar", and "BP & BMI Assessment". At the bottom, it mentions "Blood Donation Drive & Medical Check In Association With" and features logos for BMST (Bangalore Medical Services Trust) and AiSteth (See the Sound). The Rotary Bangalore Blood Centre logo is also present.

We are pleased to announce that the NSS Club will be organizing an event to celebrate **National Youth Day** and the **Birth Anniversary of Swami Vivekananda** on **January 12, 2023**.

Event Details:

- **Date:** January 12, 2023
- **Occasion:** National Youth Day and Birth Anniversary of Swami Vivekananda
- **Objective:** To honor Swami Vivekananda's profound legacy and inspire our youth with his teachings.

All students are encouraged to participate in this significant event. Your presence will contribute to making the celebration meaningful and impactful.

(Dr. Karunakara S)

Report on

NATIONAL YOUTH DAY- BIRTH ANNIVERSARY OF SWAMI VIVEKANANDA

Number of students participated:140

City Engineering College celebrated National Youth Day and the Birth Anniversary of Swami Vivekananda, organized by the NSS Club on **January 12, 2023**. The event aimed to honor the legacy of Swami Vivekananda and inspire students with his teachings. The celebration began with a welcome address by Principal Dr. Karunakara S who emphasized the significance of Vivekananda's contributions. National Youth Day is celebrated on January 12, every year in India to honor the birth anniversary of Swami Vivekananda, one of the greatest philosopher and spiritual leader. Swami Vivekananda's thoughts have been a driving force for our nation because he contributed significantly in taking the country and society towards a new and developing direction. One of the great thought of swami Vivekananda was Arise awake and stop not until the goal is achieved.

Fig. Principal Dr. Karunakara S delivering an inspiring speech on the significance of Swami Vivekananda's teachings to students.

Subject: SVEEP: Compulsory Voting Awareness Drive

Dear Students,

We are excited to inform you about the "SVEEP: Compulsory Voting Awareness Drive," part of the Rural Development Program organized by Avisa Charitable Trust. This campaign, running from April 01, 2023, to April 17, 2023, focuses on promoting compulsory voting awareness in the Arakere and Singanayakanahalli Grama Panchayati regions of Bangalore District. We encourage all students and faculty to participate and make a difference.

Report on

SVEEP: COMPULSORY VOTING AWARENESS DRIVE

Number of student volunteers:40

From April 01, 2023, to April 17, 2023, our students voluntarily participated in SVEEP: Compulsory Voting Awareness Drive as a part of the overall “Rural development program” organized by Avisa Charitable Trust. The initiative took place within the Arakere and Singanayakanahalli Grama Panchayati limits of Bangalore District.

The program aimed to improve living conditions and promote sustainable development in these rural areas. Students were actively involved in various activities, including sanitation drives, infrastructure development, educational support, and health awareness campaigns. Their efforts included constructing public toilets, renovating local schools, organizing health check-up camps, and conducting awareness sessions on hygiene and sanitation.

Through their dedicated participation, students not only contributed to the community's welfare but also gained valuable insights into rural challenges and development practices. This hands-on experience fostered a sense of social responsibility and civic duty among the participants. The collaborative efforts between the students and Avisa Charitable Trust have made a significant positive impact on the communities of Arakere and Singanayakanahalli.

The program concluded with a sense of accomplishment and a commitment to continue supporting rural development initiatives in the future.

Sub: Cleanliness Initiative and Waste Management Activity

Dear Students,

We are excited to announce an upcoming cleanliness and waste management initiative scheduled for April 8, 2023 in J P Nagar 6th phase. This event aims to enhance the cleanliness of our local community by focusing on proper waste segregation and environmental stewardship.

Your participation will play a crucial role in fostering a cleaner and healthier environment while promoting environmental responsibility.

Cleanliness Initiative and Waste Management Activity

Number of Participants:08

On April 8, 2023, a cleanliness initiative was conducted on a public footpath, focusing on sweeping the walking path, collecting garbage, and segregating it into dry and wet wastes. The collected waste was disposed of properly, ensuring no environmental pollution.

This initiative was greatly supported by the enthusiastic participation of volunteer students from City Engineering College. Their active involvement included not only performing the cleaning tasks but also leading educational efforts on proper waste segregation. The students organized interactive sessions to raise awareness about the importance of maintaining cleanliness and aligned with the Swachh Bharat Mission's green initiative. Their dedication helped in enlightening the local community, fostering a sense of responsibility, and encouraging residents to adopt sustainable waste management practices. The initiative significantly improved the cleanliness of the area and demonstrated the positive impact of student involvement in community service and environmental stewardship.

Sub: Swachh Bharat Abhiyan program

Dear All,

In line with our commitment to promote cleanliness and environmental conservation,our college conducted cleanliness program at Govt.High school, vasanthapura on 22nd February. So, we strongly urge students to take an active role in this program. Your participation is essential in achieving the goals of the Swachh Bharat Abhiyan and making a positive impact on our environment.

SWACHH BHARAT ABHIYAN

Date: 22nd February, 2023

Number of students: 50

A cleanliness drive was conducted at Government High School, Vasanthpura on February 22, as part of the Swachh Bharat Mission. The activity involved City engineering college students and volunteers sweeping walking paths, collecting garbage, and segregating waste into dry and wet categories. The collected waste was disposed of properly, minimizing environmental impact. The event aimed to enlighten students on the significance of cleanliness, aligning with Swachh Bharat's green initiative. Through hands-on participation, students learned about the importance of maintaining a clean environment and developed a sense of responsibility toward their surroundings.

By emphasizing cleanliness in schools, the drive contributed to broader goals of the Swachh Bharat Mission, enhancing student health, community well-being, and environmental conservation.

Report on Basic Computer Knowledge Training for Government School Kids

Date: 27/01/2023

Venue: Government Higher Primary School Lakkavalli

No Of Students:15

In an era where digital literacy is essential, understanding basic computer skills is a fundamental step towards educational and professional development. A group of engineering students undertook a community service project organized by Basic Science & Humanities department aimed at bridging the digital divide to Government Higher Primary School Lakkavalli on 27/07/2023 . They provided basic computer knowledge training to students from government schools, equipping them with essential skills for the future.

Objectives:

The primary goals of the activity were:

1. To Introduce Basic Computer Skills: To familiarize government school students with fundamental computer operations.
2. To Enhance Digital Literacy: To increase students' confidence in using computers for learning and everyday tasks.
3. To Promote Equal Educational Opportunities: To provide access to digital education tools and resources that may not be available in their schools.

The curriculum was designed to cover fundamental computer skills in an engaging and interactive manner. It included:

1. Introduction to Computers:

Basic components (monitor, keyboard, mouse, CPU), understanding how computers work and basic terminology (hardware, software, operating system).

2. Operating System Navigation:

Using the desktop environment, opening, saving, and closing files and understanding file types and file management.

3. Basic Software Applications:

Word processing (creating, formatting, and saving documents in Microsoft Word), spreadsheets (basic functions and data entry in Microsoft Excel) and presentation software (creating slides in Microsoft PowerPoint).

Each session began with a brief introduction followed by a demonstration of the topic. Students were then given time to practice on individual computers with guidance from the volunteers. Activities included group exercises, individual tasks, and Q&A sessions to keep students engaged and address their questions.

Outcomes:

Students demonstrated increased familiarity with basic computer operations and software applications. Enhanced confidence in using computers for academic tasks.

Conclusion:

The initiative by engineering students to teach basic computer skills to government school children was a successful effort in bridging the digital divide. The project not only equipped students with valuable skills but also fostered a sense of community involvement and responsibility among the volunteers.

Report on Enhancing Math Skills

Date: July 15th, 2022

Venue: Government Higher Primary School, Jakkasandra

No of Students: 10

Mathematics can often seem daunting, especially for students with limited resources and support. Recognizing the need to make math more accessible and enjoyable, a group of engineering students organized a series of workshops aimed at teaching mathematical tricks and techniques to Government Higher Primary School, Jakkasandra organized by Basic Science & Humanities department on 15/07/2022.

Objectives:

1. To Simplify Mathematics: To introduce students to effective math tricks that simplify problem-solving and enhance their understanding of mathematical concepts.
2. To Boost Confidence: To increase students' confidence and enthusiasm for mathematics by demonstrating its practical and enjoyable aspects.
3. To Support Educational Development: To provide additional learning resources and support to students in government schools, helping to level the educational playing field.

Basic Arithmetic Tricks such as Quick multiplication methods (e.g., multiplying by 9 using finger tricks), Simple addition and subtraction shortcuts, Estimation techniques to approximate answers quickly.

Mental Math Strategies like techniques for performing mental calculations efficiently and tips for quickly solving problems without a calculator was thought.

Volunteers engaged students with activities and games to make learning math enjoyable. Hands-on activities to practice tricks and techniques were conducted.

Outcomes:

Students demonstrated improved skills in basic arithmetic and mental math techniques. Increased confidence in handling math problems and a greater interest in the subject.

Conclusion

The initiative by engineering students to teach mathematics tricks to government school children was a successful endeavor in making math more accessible and engaging. The workshops not only helped students develop practical math skills but also fostered a positive attitude towards learning.

REPORT ON WASTE DISPOSAL MANAGEMENT

Date: 12th January 2023

Venue: Government School, Doddakallasandra

Number of Participants: 30

The NSS Club of City Engineering College, Bengaluru, conducted a Waste Disposal Management program on 12th January 2023 at Government School, Doddakallasandra. The initiative aimed to educate and engage the school students and staff in effective waste management practices to promote a cleaner and healthier environment.

Key Activities:

1. The volunteers demonstrated the process of waste segregation by separating waste into biodegradable and non-biodegradable categories. They also explained the significance of this practice in reducing landfill waste and facilitating recycling.
2. The volunteers created and displayed posters and banners around the school highlighting the principles of waste reduction, reuse, and recycling. These visual aids served as a constant reminder to the students about the importance of waste management.

Report on "A Guide to Self-Defense Strategies"

Date: September 24th, 2022

Venue: Doddakalasangraha Government School

No of students:05

Rajani, a student of City Engineering College, initiated a workshop titled "A Guide to Self-Defense Strategies" at Doddakalasangraha Government School on 24/09/2022. The objectives were to educate students about the importance of self-defense and personal safety. To teach basic self-defense techniques that can be used in emergency situations. To build confidence and awareness among students regarding their surroundings. To foster a sense of empowerment and self-reliance.

Volunteer began with an introduction to the concept of self-defense and its significance. Discussed common threats and situations where self-defense might be necessary. Highlighted the importance of awareness and staying alert in various environments. Demonstrated basic self-defense moves such as blocking, striking, and escaping holds. Emphasized techniques that are easy to remember and execute, suitable for students of all ages. Conducted hands-on practice sessions where students could try out the techniques under supervision. Provided personalized guidance to ensure correct execution of moves. Organized role-playing scenarios to simulate real-life situations. Allowed students to practice their responses and decision-making in a controlled environment.

Outcomes

Students gained a better understanding of personal safety and the importance of self-defense. Many students expressed a heightened sense of awareness regarding their surroundings. Students successfully learned and practiced basic self-defense techniques. Demonstrated the ability to perform moves with confidence and accuracy.

Conclusion

The "A Guide to Self-Defense Strategies" workshop conducted by Rajani was a resounding success. It effectively equipped students at Doddakalasangraha Government School with essential self-defense skills and knowledge, fostering a sense of empowerment and confidence. The practical, hands-on approach ensured that students could actively engage and retain the techniques taught.

Report on World Environment Day

Date: 10/06/2022

No of Participants: 120

Venue: CEC Campus

Led by the United Nations Environment Programme (UNEP) and celebrated annually on 5th June since 1973, World Environment Day is the largest global platform for environmental public outreach. This year, it is hosted by Sweden.

World Environment Day engages millions of people worldwide and is recognized in over 143 countries annually. Each year, it provides a theme and forum for businesses, non-governmental organizations, communities, governments, and celebrities to advocate for environmental causes. The slogan "Only One Earth" originated from the first United Nations Conference on the Human Environment held in Stockholm in 1972. This conference marked a significant moment for placing sustainable development on the global agenda and subsequently led to the establishment of World Environment Day. The NSS Club of City Engineering College, Bengaluru, organized World Environment Day on 8th June 2022. Chief guests Dr. N.T. Manjunath and Er. Ramesh Kumar B.N. introduced the importance of the day and sustainable practices. Alongside all staff members, the chief guests participated in a tree planting activity to promote a greener campus.

Glimpse of the event:

Chief guests Er. Ramesh Kumar B.N. and Dr. N.T. Manjunath, along with the staff, planted trees in the campus.

REPORT ON SCHOOL EMBELLISHMENT

Date: 12th July 2022

Venue: Government School, Agara

Number of Participants: 60

The NSS Club of City Engineering College, Bengaluru, conducted a School Embellishment program at the Government School in Agara on 12th July 2022. This initiative aimed to enhance the learning environment by improving the aesthetic appeal of the school campus.

Program Overview:

The event began with a briefing session, where volunteers were divided into teams and assigned specific tasks. The embellishment activities included:

1. **Cleaning School premises:** The students cleaned the school premises, including classrooms, corridors, and the playground, to ensure a neat and tidy environment.
2. **Gardening and Landscaping:** A significant part of the program involved planting saplings and creating small garden areas around the school. The volunteers also trimmed existing plants and trees, contributing to a greener and more pleasant environment.
3. **Wall Painting and Art:** The volunteers painted the walls of the school with educational and motivational murals. These included themes such as environmental conservation, national heroes, and inspirational quotes, adding color and life to the school surroundings.

REPORT ON WATER AWARENESS PROGRAM

Date: 16th August 2022

Venue: Govt school, Agara.

No of participants: 40

NSS Club of City Engineering College, Bengaluru, organized a "Water Awareness Program" at the Government School in Agara, Bangalore on 16th August 2022. This initiative aimed to educate school students about the importance of water conservation and sustainable water management practices.

The program began with an introduction by the NSS volunteers, who explained the significance of water as a vital resource and the current challenges related to water scarcity and pollution. The students were made aware of the global and local issues surrounding water usage and the urgent need to adopt water-saving habits. During the session, the students were engaged in interactive activities, including quizzes and demonstrations, to help them understand the various ways in which they can contribute to water conservation in their daily lives. The volunteers emphasized simple yet effective practices, such as turning off taps when not in use, fixing leaks, and using water-efficient methods for daily chores.

Sub: Jal Shakti Abhiyan: "Catch the Rain"-2023

We are pleased to announce that the NSS unit of City Engineering College is organizing the Jal Shakti Abhiyan: "Catch the Rain-2023" campaign from April 4th to April 13th, 2023, near Thittahalli & Chinnakurchi villages. This campaign aims to create awareness about water conservation and recharge, under the theme "Catch the Rain, where it falls, when it falls." Interested students are encouraged to join this meaningful initiative.

Please register your participation with the NSS office before 2nd April,2023.

Report on

JAL SHAKTI ABHIYAN: CATCH THE RAIN – 2023

Number of participants:05

The NSS club of City Engineering College, Bengaluru, organized Jal Shakti Abhiyan from April 04th to April 13th near Thittahalli & Chinnakurchi village to create awareness and bring together all stakeholders in a mass movement to conserve and recharge water. The campaign emphasized the theme "Catch the Rain, where it falls, when it falls," highlighting the importance of effective rainwater utilization.

Participation and Activities: Sixth-semester Civil Engineering students actively participated in the event. Gopikishan J, NSS Programme Coordinator, inaugurated the campaign, with Assistant Professors Vinaykumar S N, Manjunath K E, and Jayanth K S leading the activities. Volunteers educated the Thittahalli and Chinnakurchi villagers on rainwater harvesting, water conservation, reuse, and borewell recharge.

Figure 1: Volunteers enthusiastically engaging with villagers during the Jal Shakti Abhiyan.

CITY
ENGINEERING COLLEGE

Community Engagement: The initiative received strong support from K.Gollahalli Grama Panchayath and local residents. Refreshments were provided to attendees, fostering a collaborative atmosphere. The involvement of local authorities and the institute's head was crucial in ensuring the event's success.

Figure 2: Representatives from K.Gollahalli Grama Panchayath and local authorities showing their support for the campaign

In conclusion, the Jal Shakti Abhiyan was a significant step towards raising awareness about sustainable water management. The event underscored the importance of rainwater harvesting and conservation, promoting community involvement in achieving water security.

A Report on Festival of Freedom: Celebration of Independence

Date: 15th August 2022

Venue: CEC Campus

No of Participants: 50

The NSS Club of City Engineering College, Bengaluru, organized a grand celebration of Independence Day on 15th August 2023. The event was graced by our respected Principal, Dr. H N Thippeswamy, along with all the staff members and students. The celebration commenced with the unfurling of the national flag by Dr. H N Thippeswamy, followed by the singing of the National Anthem, which filled the campus with a sense of pride and patriotism.
