We are pleased to invite you to an informative seminar organized by iPEC Solutions, focusing on "**Bridging Academia and Industry: Enhancing Education in Industrial Applications.**" This event aims to address the critical need to align academic learning with industry requirements and prepare you for the evolving industrial landscape. All students are hereby informed to attend the event.

Details of the Seminar:

Date: 26-08-2021

Venue: CSE Seminar Hall

A Report on

"Bridging Academia and Industry: Enhancing Education in Industrial Applications"

Date: 26-08-2021

Venue: CSE Seminar Hall

Speaker - Mr. Shivaram, iPEC Solutions Private Limited

No of students attended: 108

iPEC Solutions aims to enhance the quality of education in the field of industrial applications by leveraging cutting-edge technologies and innovative teaching methodologies. This initiative seeks to bridge the gap between academic learning and industry requirements, preparing students to meet the demands of modern industrial environments.

Objective:

iPEC Solutions aims to improve education quality in industrial applications by integrating practical knowledge and industry-relevant skills into the curriculum.

1. **Curriculum Modernization:** Update educational content to include the latest industrial technologies.
2. **Industry Collaboration:** Partner with industry experts for curriculum design and student training.
3. **Skill Enhancement:** Equip students with practical skills needed for the industrial sector.

Outcomes:

The initiative by iPEC Solutions seeks to bridge the gap between academia and industry, ensuring students are well-equipped for the modern industrial environment.

Feedback Form

Event Name: *Bridging Academia and Industry : Enhancing education in Industrial applications by IPEC Solⁿ pt. Uda*

Date: *26-08-2021*

Please provide us with your feedback by completing this questionnaire.

Presenter Evaluation- Please rate the presenter on the following scale (1: Poor, 2: Fair, 3: Good, 4: Very good, 5:Excellent) by encircling an option below.

1.	How would you rate the overall quality of the activity on a scale of poor to excellent?	1	2	3	4	5
					✓	
2.	How well do you feel the activity achieved its objective of exploring	1	2	3	4	5
					✓	
3.	How likely are you to participate in similar activities or seminars in the future?	1	2	3	4	5
				✓		
4.	On a scale of poor to excellent, how would you rate the relevance of this activity to your studies and future career?	1	2	3	4	5
				✓		

Any additional comments you wish to share?

Event was enlightening session, that highlighted the importance of collaboration betⁿ educational institutions and the industrial sector.

The event featured discussions on skill development and innovative teaching methods.

Sub: Regarding permission to conduct certificate course on “Artificial Intelligence in Healthcare”

Respected Sir,

We would like to conduct a certificate course on “Artificial Intelligence in Healthcare” for final year students from 13-06-2022 to 17-06-2022. This course is intended to engage the students with AI in healthcare and helps in gaining a broader perspective on the ethical, societal, and human aspects of implementing AI in a critical and complex field like healthcare. The multidisciplinary nature of this course provides a well-rounded educational experience with the potential for meaningful and impactful contributions. So, I request you to permit us to conduct this course. Kindly do the needful.

Yours Sincerely

Dr. Sowmya Naik P T

Schedule

Academic Year: 2022-23

Venue: CSE Seminar Hall

Date	Session 1 (9:15 – 11:15)	Session 2 (11:30 – 1:30)	Session 3 (2:00 – 4:00)
13-06-2022	Introduction to AI in Healthcare, Overview of Artificial Intelligence	Applications of AI in Healthcare, Importance and impact of AI in improving healthcare outcomes	Ethical considerations in AI in healthcare
14-06-2022	Introduction to Machine Learning Supervised, Unsupervised	Case studies of ML/DL in medical diagnostics	Data Preprocessing and Feature Engineering
15-06-2022	Data cleaning, normalization, and transformation	Feature selection and extraction in healthcare datasets	Case studies on preprocessing in healthcare
16-06-2022	Overview of popular AI models in healthcare	Image recognition and analysis in medical imaging	Natural Language Processing (NLP) for medical text data
17-06-2022	Predictive modeling in healthcare	Chatbot Application Development	Q&A and Assessment

Course Content

Module 1: Introduction

Introduction to AI in Healthcare, Overview of Artificial Intelligence, Applications of AI in Healthcare, Importance and impact of AI in improving healthcare outcomes, Ethical considerations in AI in healthcare.

Module 2: Introduction to Machine Learning and Deep Learning

Supervised, Unsupervised, and Reinforcement Learning, Basics of neural networks and their applications in healthcare, Case studies of ML/DL in medical diagnostics.

Module 3: Data Preprocessing and Feature Engineering

Handling medical data: challenges and strategies, Data cleaning, normalization, and transformation, Feature selection and extraction in healthcare datasets, Case studies on preprocessing in healthcare.

Module 4: Overview of AI models in healthcare

Image recognition and analysis in medical imaging, Natural Language Processing (NLP) for medical text data, Chatbot Application Development, Real-world case studies of AI implementation in healthcare

Certificate Course on Artificial Intelligence in Healthcare

Assessment Questions

1. What is Artificial Intelligence?
 - a) The study of human intelligence
 - b) The science of making intelligent machines**
 - c) The process of learning from data
 - d) The practice of data storage and management
2. Which of the following is a primary area of study in AI?
 - a) Natural Language Processing**
 - b) Quantum computing
 - c) Blockchain Technology
 - d) Network Security
3. Which of the following is a popular language for AI development
 - a) HTML **b) Python** c) CSS d) SQL
4. What is neural network in AI?
 - a) A database system
 - b) A type of computer processor
 - c) A system of interconnected nodes inspired by biological neural networks
 - d) A network security protocol
5. What is a chatbot?
 - a) A robot that can chat
 - b) A type of malware
 - c) A software application used to conduct an online chat conversation via text to speech**
 - d) A new programming language
6. What is the primary use of AI in healthcare?
 - a) Scheduling appointments
 - b) Patient entertainment
 - c) Diagnostics and treatment planning**
 - d) Cleaning hospital facilities
7. What does 'feature extraction' play in machine learning?
 - a) To extract the main topic from a text
 - b) To identify and select important input variables for learning algorithms**
 - c) To remove unnecessary features from the machine
 - d) To enhance the physical appearance of machines

8. What is the primary purpose of 'Sentiment Analysis' in AI?
 - a) **To analyse and interpret human emotions from text**
 - b) To calculate statistical data
 - c) To enhance image resolution
 - d) To predict weather patterns
9. What is Semantic Analysis in the context of AI?
 - a) Analysing computer hardware
 - b) **Understanding the meaning and interpretation of words and sentences**
 - c) Calculating statistical data
 - d) Drawing graphs
10. What is the role of convolution neural networks?
 - a) To process tabular data
 - b) To handle audio signals
 - c) **For image recognition and processing**
 - d) For text translation
11. Artificial intelligence can help to modify behaviours by
 - a) Alerting providers to reach out to their patients
 - b) Sending encouraging messages
 - c) Sending alarms and reminders for medications
 - d) **All the above**
12. You are a new medical provider working for a large hospital. Your patient is in an emergency medical crisis and you need to place electronic orders. You feel supported by AI in the form of assisted order entry, but you know that AI should never take the place of_____.
 - a) **Clinical judgement**
 - b) the nurse's note
 - c) Your superior experience
 - d) Clinical respect
13. This artificial intelligence can be used in operations to help guide surgeon's instruments.
 - a) Data and statistics
 - b) **AI-assisted robotics**
 - c) Virtual nursing assistants
 - d) Image analysis
14. This AI can be used to check patients into hospitals and collect patient information.
 - a) Data and statistics
 - b) AI-assisted robotics
 - c) **Virtual nursing assistants**
 - d) Image analysis
15. This type of artificial intelligence can look at X-rays to detect diseases or small defects.
 - a) Data and statistics
 - b) AI-assisted robotics
 - c) Virtual nursing assistants
 - d) **Image analysis**
16. This artificial intelligence records the health data of large amounts of patients
 - a) **Data and statistics**
 - b) AI-assisted robotics
 - c) Virtual nursing assistants
 - d) Image analysis

CITY
ENGINEERING COLLEGE

17. Which of the following includes major tasks of NLP?
- a) Automatic Summarization
 - b) Discourse Analysis
 - c) Machine Translation
 - d) All of the mentioned**
18. What is machine translation?
- a) Converts one human language to another**
 - b) Converts human language to machine language
 - c) Converts any human language to English
 - d) Converts machine language to human language
19. What is morphological segmentation?
- a) Does discourse analysis
 - b) Separate words into individual morphemes and identify the class of the morphemes**
 - c) Is an extension of propositional logic
 - d) None of the mentioned
20. Choose the following areas where NLP can be useful.
- a) Automatic Text Summarization
 - b) Automatic question answering systems
 - c) Information retrieval
 - d) All of the mentioned**

A Report on Certificate course on Artificial Intelligence in Healthcare

A five days' certificate course on “*Artificial Intelligence in Healthcare*” was successfully conducted in the city engineering college, from 13th to 17th June 2022 by Department of Computer Science and Engineering. The course sessions received an overwhelming response from students' participants.

First day, session started with introduction to AI in healthcare and overview of artificial intelligence. The various applications and impact of AI in improving healthcare outcomes were discussed. In the afternoon session resource person explained ethical considerations in AI in healthcare.

In Day 2, basics of machine learning were taught. Students are introduced with the supervised and unsupervised learning methods. Session continued with interesting case studies of medical diagnostics using machine learning. Data preprocessing and feature extraction were taught in the afternoon session.

FIG 3: MRS. FATHIMA AFROZ DELIVERING THE SESSION

Day 3 started with hands on sessions in which data cleaning, normalization and transformation were demonstrated. Students learnt how to do feature selection and extraction using real time data sets.

A Report on
Expert talk on " Latest Technology for a Sustainable Environment "
by E I Technologies Pvt Ltd

Date: 02-05-2022

Venue: CSE Seminar Hall

Speaker: Dr. N Ranganath, Chairman and Managing Director, E I Technology.

No of students: 40

The event has been organized in City Engineering College by the Department of Computer Science and Engineering, in collaboration with Department of Placement, with the speaker DR. N Ranganath, Chairman and Managing Director on 02-05-2022 at the CSE Seminar Hall.

Dr. Ranganath, a noted expert in environmental technologies, opened the event by addressing the critical role of technology in solving environmental issues. He emphasized the urgency of adopting sustainable practices and discussed various innovations, including:

- Renewable energy sources (solar, wind, and bioenergy)
- Water-saving technologies and smart irrigation systems
- Advanced recycling techniques for managing industrial and household waste
- Smart building technologies aimed at energy efficiency

Objective:

The main objective of the event, "Latest Technology for a Sustainable Environment," organized by E I Technologies Pvt Ltd, was to:

- Introduce students and professionals to cutting-edge technologies that promote sustainability and environmental conservation.
- Highlight the importance of integrating modern technological solutions in addressing environmental challenges.
- Educate attendees on how businesses and industries can adopt green technologies to reduce their carbon footprint.
- Foster discussions on innovations in areas such as renewable energy, waste management, water conservation, and eco-friendly materials.

Outcome:

- **Increased Awareness:** Participants gained a deeper understanding of the latest technological advancements aimed at environmental sustainability.

- **Practical Knowledge:** Students and attendees were introduced to real-world applications of green technologies in industries and everyday life.
- **Encouraged Innovation:** The session inspired participants to think creatively about how they can contribute to environmental sustainability through technological innovations.

A Report

on

"Digital Portfolio & Campus Placement Orientation by UniProofilers Pvt. Ltd."

Date: 15-04-2022

Venue: CSE Seminar Hall

Speaker- Mr. Nagarjun, Technical Director, UniProofilers Pvt. Ltd.

No of students: 95

Event Details: The event has been organized in City Engineering College by the Department of Computer Science and Engineering, in collaboration with the Placement office on 15-04-2022 at the CSE Seminar Hall.

The session covered essential topics including:

- Building and showcasing a professional digital portfolio.
- Effective strategies for campus placements.
- Enhancing skills to meet industry demands.

Representatives from UniProofilers Pvt. Ltd. will lead the orientation and provide practical guidance to help you excel in your career development.

Objective -

The objective of the program conducted by UniProofilers Pvt. Ltd. was to enhance the employability of students by upskilling them in the creation and utilization of digital portfolios. The initiative aimed to prepare students for the competitive job market by providing them with the necessary tools and knowledge to effectively showcase their skills and achievements through digital platforms.

Outcome- The program achieved the following outcomes:

1. Participants gained proficiency in creating and managing digital portfolios, which included showcasing academic achievements, projects, and extracurricular activities.
2. Students were equipped with a competitive advantage in the job market through the development of digital portfolios tailored to industry standards.
3. The orientation sessions raised awareness among students about the importance of digital portfolios in modern job applications and career advancement.

The program by UniProofilers Pvt. Ltd. successfully empowered students with essential digital skills and knowledge to excel in their career pursuits. By bridging the gap between academia and industry requirements, the initiative contributed significantly to enhancing students' employability and readiness for professional challenges in the digital era. Future iterations of similar programs are recommended to continue fostering digital literacy and career preparedness among students.

Report

on

"On-Campus Coaching Facilities by SK Training & Consultancy Services"

The event has been organized in City Engineering College by the Department of Computer Science and Engineering, in collaboration with the Placement office on 27-01-2022 at the CSE Seminar Hall.

Date: **27-01-2022**

Venue: **CSE Seminar Hall**

Speaker- Mr. Kartik Namburi

No of students present: 140

SK Training & Consultancy Services provides on-campus coaching for courses like GRE, IELTS, and GMAT, aiming to help students achieve high scores and secure placements in prestigious institutions.

The session will cover the range of coaching programs offered, including career guidance, soft skills development, and preparation for competitive exams. Representatives from SK Training & Consultancy Services will provide an overview of the available resources and answer any questions you may have.

Objectives -

1. Enhance students' test preparation and performance.
2. Provide convenient on-campus access to high-quality coaching.
3. Offer personalized training to meet individual student needs.
4. Develop essential skills in critical thinking, analytical writing, and quantitative reasoning.
5. Boost student confidence in their test-taking abilities.
6. Facilitate university placements and career opportunities.

CITY
ENGINEERING COLLEGE

Outcomes -

1. Significant improvement in students' test scores.
2. Development of strong analytical, verbal, and quantitative skills.
3. Higher success rates in standardized tests.
4. Increased accessibility and convenience for students.
5. Greater confidence and readiness for further academic and professional pursuits.

Report on
"Integrating Skill Building with the Existing Academic System"

Date: 15-11-2021

Venue: CSE Seminar Hall

Speaker - Mr. Ramakrishna, Edunet.

No. of students present:110

Objective :

Edunet's initiative is to integrate skill-building and vocational training within the existing academic system. This aims to enhance students' employability by providing practical, industry-relevant skills alongside traditional academic education.

Outcome :

- Students gain practical skills and certifications that improve their job prospects.
- Graduates are better prepared to meet job market demands, reducing the need for extensive on-the-job training.
- Students receive a balanced education that combines theoretical knowledge with practical skills.

Edunet's initiative successfully bridges the gap between academic education and industry needs, producing graduates who are both knowledgeable and skilled, ready to excel in the modern job market.

Glimpse of the event:

Dear Students,

We are excited to invite you to a seminar titled "**Bridging Academia and Industry: Enhancing Educational and Professional Synergy.**" This event is designed to address the crucial connection between academic learning and industry needs.

Details of the Seminar:

Date: 10-10-2021

Venue: CSE Seminar Hall

We strongly encourage all students to attend and take advantage of this opportunity to gain valuable knowledge and perspectives on bridging the gap between academia and industry.

A Report on

"Bridging Academia and Industry: Enhancing Educational and Professional Synergy"

Date: 10-10-2021

Venue: CSE Seminar Hall

Speaker: Mr. Nitish, Medani.

No of students attended:48

The event has been organized in City Engineering College by the Department of Computer Science and Engineering, with the Department of Placement. The Medini will bridging academia and industry by providing necessary softwares of Autodesk and Bentley, will support their students to accommodate themselves in the industry.

Objective -Medani aims to bridge academia and industry by providing essential Autodesk and Bentley software tools. The program's goal is to support students in adapting to industry requirements through comprehensive training in various domains including BIM for infrastructure and construction, digital transformation in construction and manufacturing, and CAD/CAM and CAE software training across all departments.

Outcome -The program equips students with practical skills in BIM, digital transformation, product design, and software usage. This prepares them for seamless integration into the industry, enhancing their employability and readiness to tackle real-world challenges effectively.

Mr. Nitish, addressing about digital transformation in construction and manufacturing

A Report
on
"Enhancing Careers Through Skill-Based Training" by Eleation

The event has been organized in City Engineering College by the Department of Computer Science and Engineering, in collaboration with the Department of Placement on 20-09-2021 at the CSE Seminar Hall. Eleation provides skill-based training programs focused on enhancing practical knowledge and expertise in engineering and technology fields.

Date: 20-09-2021

Venue: CSE Seminar Hall

Speaker: Mrs. Ramya Krishnan, Eleation.

No of students present:65

Objectives -

- Prepare participants for industry demands.
- Promote innovation and problem-solving.
- Facilitate career advancement in engineering and technology.

Outcomes -

1. Participants gain practical engineering expertise.
2. Improved technical proficiency.
3. Higher employability and career growth.
4. Increased ability to innovate and solve real-world problems.

Eleation's training programs are dedicated to equipping participants with the skills needed to excel in the engineering and technology sectors.

A Report on

"Data Collection and Processing of Personal Identifiable Information (PII) by Infosys Springboard"

Date: 20-09-2021

Venue: CSE Seminar Hall

Speaker: Mr. Satishkumar

No of students presents: 110

Objective: The primary objective of Infosys Springboard's initiative is to establish a robust framework for the collection, processing, and protection of Personally Identifiable Information (PII) of data subjects. This initiative aims to ensure compliance with data protection regulations, enhance data security, and maintain the trust of users by safeguarding their personal information throughout its lifecycle.

Outcome: Infosys Springboard's initiative on data collection and processing of data subjects' PII successfully creates a secure and compliant environment for managing personal information. By adhering to stringent data protection standards and implementing robust security measures, the initiative enhances data security, user trust, and operational efficiency, ensuring that PII is handled responsibly and ethically.

"Skill-Based Training Workshop by Prakruthi Institute of Environmental Studies"

Date: 05-09-2021

Venue: CSE Seminar Hall

Speaker- Mr. B.N. Ramesh Kumar, Chairman, Prakruthi Institute of Environmental Studies.

No of students: 30

The event has been organized in City Engineering College by the Department of Computer Science and Engineering, in collaboration with the Placement office, under the Principal is featuring Mr. B.N. Ramesh Kumar Chairman, Prakruthi Institute of Environmental Studies. on 26-08-2021 at the CSE Seminar Hall. Prakruthi Institute of Environmental Studies provides skill-based training programs aimed at equipping participants with practical knowledge in environmental science and sustainability.

Objectives -

1. Develop hands-on environmental skills.
2. Enhance knowledge of environmental science.
3. Promote sustainable practices.
4. Prepare participants for environmental careers.
5. Engage with community initiatives.

Outcomes -

1. Participants gain practical expertise.
2. Adoption of sustainable practices.
3. Career advancement in environmental fields.
4. Increased community involvement in environmental issues.

"Soft Skills Development Workshop by Global Quest Technologies"

Date : 29-08-2021

Venue : CSE Seminar Hall

Speaker : Ms. Nayana G R, Trainer, Global Quest Technologies

No of students attended :90

The event has been organized in City Engineering College by the Department of Computer Science and Engineering, in collaboration with the Department of Placement on 29-08-2021 at the CSE Seminar Hall. The Institution is committed to preparing students for successful careers by introducing initiatives focused on Placement Training, Project Work, and establishing an R&D Center.

Objective: They organised a session to help students build resumes, prepare for interviews, improve soft skills, and gain industry insights. These sessions aim to boost employability and career readiness.

Outcome: By participating in these initiatives, students will enhance their employability, deepen their understanding of subjects through practical projects, and contribute to innovative research and development in their fields.

“Importance of Certification course and career advancement opportunities”

Date: **20-08-2021**

Venue: **CSE Seminar Hall**

Speaker - Mr. S.G. Ashokkumar, Founder & CEO, Construction Management Training Institute

Number of Students participated:45

Training Institute provides employment-based value-added certified courses for Civil Engineers and Construction professionals. And by making students ready for Industry by the time they come out of the Institution by providing trainings, seminars, workshops offline training programs and practical trainings.

Objective -

The Construction Management Training Institute aims to provide project work guidance and employment-based, value-added certification courses. The objectives include:

1. Offering practical training in construction management methodologies.
2. Providing industry-relevant project work guidance.
3. Enhancing employability through specialized certification courses.

Outcome –

Participants acquire hands-on experience in project management, improving their practical skills and industry knowledge. The institute's certification courses equip graduates with credentials that enhance their employment prospects and career advancement opportunities in the construction industry.
