A Report on “Internship Program by ColtAssist Pvt Ltd”

Date: **20th August to 20th September, 2023**

Venue: CSE Seminar Hall

No of Participants:100

The department of CSE/ISE organized Internship Program from **20th August to 20th September, 2023**. Internship program is carried out by the resource person from **ColtAssist Pvt Ltd, Bangalore**.

ColtAssist Pvt Ltd:

Mission: Mission is to bridge the gap between education and employment by equipping you with the skills, knowledge, and confidence necessary to excel in chosen field.

Vision: Vision is to be the leading provider of training and placement services, helping people find jobs and develop skills.

This program was organized for 7th Semester students of department CSE, ISE. There are 80+ students were participated in this internship program and took various advantages of it.

Internship Workflow:

- Orientation program
- Training
- Projects and Tasks
- Certificate Distribution

Day1: Date: 28-07-2023

Orientation Program:

- ✓ Introduction about Company
- ✓ Briefing the Placement training and featured internships
- ✓ Briefing the Java Full Stack course and concepts those are will be covered in program

Topics Covered on Day 2 & 3: 29-08-2023 and 30-08-2023

- ✓ Introduction to Java Programming
- ✓ OOPS Concepts in Java
- ✓ Sample java programs execution
- ✓ Explanation of concept Threading in Java

Glimpses of Internship program:

Topics Covered on Day 4 & 5: 31-08-2023 and 01-09-2023

- ✓ Briefing the Sql statements like DML, DDL, TCL
- ✓ Introduction of Web Technologies like HTML, CSS, JavaScript.
- ✓ Multiple projects on threads

Day6: Date: 02-09-2023

- ✓ Certificate Distribution

CIRCULAR

We are pleased to inform that the Internship program on Java Full Stack Development for 4 weeks is being conducted from **26th October to 26th November, 2023** for 4th Semester CSE students. The internship program will be carried out by the resource person from ColtAssist Pvt Ltd, Bangalore. Request Mr. Matheenulla Sharief to coordinate the same.

Principal

A Report on “Internship Program by ColtAssist Pvt Ltd”

Date: 26th October to 26th November, 2023

Venue: CSE Labs

No of Participants:150

Resource Persons: Experts from ColtAssist Pvt. Ltd., Bangalore

The Department of CSE organized an Internship Program on "Full Stack Development using Java and Python" from 26th October to 26th November 2023. The program was conducted by resource persons from ColtAssist Pvt. Ltd., Bangalore.

ColtAssist Pvt Ltd:

Mission: Mission is to bridge the gap between education and employment by equipping you with the skills, knowledge, and confidence necessary to excel in chosen field.

Vision: Vision is to be the leading provider of training and placement services, helping people find jobs and develop skills.

This program was organized for 7th Semester students of department CSE, ISE. There are 80+ students were participated in this internship program and took various advantages of it.

Objective:

The primary goal of the internship was to provide students with hands-on experience and in-depth knowledge of Full Stack Development using both Java and Python. The program aimed to equip students with the skills necessary to build comprehensive web applications, covering both front-end and back-end technologies.

Program Highlights:

- **Introduction to Full Stack Development:** Overview of full stack technologies and the importance of learning both front-end and back-end development.
- **Java Programming:** Core Java concepts, object-oriented programming, and Java-based web development frameworks.
- **Python Programming:** Python fundamentals, Django framework, and its application in web development.
- **Front-End Development:** HTML, CSS, JavaScript, and front-end frameworks like Angular or React.
- **Back-End Development:** Server-side programming, database management using SQL, and API development.
- **Project Work:** Participants worked on a mini-project, applying the skills learned during the internship to build a full-stack web application.

26th October - 31st October 2023: Introduction and Basics

- **Week 1:**
 - **Introduction to Full Stack Development:** Overview of Java and Python in web development.
 - **Java Programming Basics:** Data types, variables, operators, control structures, loops, and OOP concepts in Java.
 - **Python Programming Basics:** Syntax, variables, control structures, and OOP in Python.
 - **Hands-on Practice:** Basic programming exercises in Java and Python.

November 2023

1st November - 7th November 2023: Front-End Development

- **Week 2:**
 - **Introduction to Front-End Development:** HTML, CSS, and JavaScript basics.
 - **JavaScript Advanced Concepts:** ES6 features, DOM manipulation, and introduction to frameworks like Angular/React.
 - **Django Introduction:** Setting up projects, models, views, and templates in Django.
 - **Spring Boot Introduction:** Setting up Spring Boot projects, building RESTful APIs.

8th November - 15th November 2023: Back-End Development and Integration

- **Week 3:**
 - **Advanced Django:** User authentication, forms, and CRUD operations.
 - **Advanced Spring Boot:** Security, authentication, and database integration.
 - **API Development:** Building and consuming RESTful APIs with Django and Spring Boot.
 - **Full Stack Integration:** Connecting front-end with back-end, handling user input, and validations.

16th November - 22nd November 2023: Project Development

- **Week 4:**
 - **Project Planning:** Defining scope, setting up repositories, and designing the UI.
 - **Project Implementation:** Developing front-end and back-end, integrating APIs, and managing databases.
 - **Testing and Deployment:** Unit testing, debugging, optimizing code, and deploying the application to cloud platforms.

23rd November - 26th November 2023: Finalization and Presentation

- **Week 5:**
 - **Project Presentation:** Demonstrating the final full stack application.
 - **Peer Review:** Receiving feedback and making final adjustments.
 - **Submission:** Final project submission and report.

A Report by Training and Placement cell

“Boot Camp on Data Science by M/s Edureka!”

Date: April 13, 2023

Venue: CSE Seminar Hall

No of Participants:90

The bootcamp organized by the Training and Placement cell on April 13, 2023, in association with **Edureka Learning Center**, they believe in imparting the latest, in-demand, tech skills through their exclusively curated courses to bridge the gap between industry demand and talent supply. The mission is to provide students with an excellent learning experience and help them to attract the jobs of their dreams. They provide learners with world-class content in an easy-to-use format and help them match the crazy pace of technological evolution. At Edureka Learning Center, the students are not mere learners, they are the future IT professionals.

Objectives

The primary objectives of the Data Science Hybrid Training Program were:

- To provide comprehensive training in data science concepts, tools, and techniques.
- To enhance participants' practical skills through hands-on projects and real-world applications.
- To prepare participants for careers in data science by offering industry-relevant knowledge and certification.

CITY
ENGINEERING COLLEGE

Key Highlights of the Session:

1. **Fundamentals of Data Science:** The bootcamp began with an in-depth exploration of foundational concepts in Data Science. Participants acquired a robust understanding of statistical analysis, data preprocessing, and data cleaning, laying a strong groundwork for practical applications.
2. **Data Visualization Techniques:** Practical workshops were dedicated to exploring various data visualization tools and techniques. Students actively engaged in creating impactful visualizations to effectively convey complex insights.
3. **Skill Enhancement:** Participants honed their skills in essential data analytics tools such as Python, R, and popular visualization platforms. This hands-on experience significantly enhanced their ability to gather, analyze, and interpret data in real-world scenarios.
4. **Increased Confidence:** The practical approach of the bootcamp instilled a newfound confidence in participants to apply data Science techniques proficiently. This confidence boost is pivotal as students prepare to transition from academic settings to professional environments.
5. **Continued Learning Opportunities:** To sustain the momentum generated by the bootcamp, organizers recommend offering advanced courses, webinars, and networking events. These opportunities will enable participants to deepen their expertise and stay abreast of emerging trends in data Science.

Fig2. Handson session on Data science visualization tools

CITY
ENGINEERING COLLEGE

Outcomes

- **Knowledge Acquisition:** Participants gained a comprehensive understanding of data science and its applications.
- **Practical Skills:** Through hands-on exercises and projects, participants developed practical skills in data manipulation, analysis, and machine learning.
- **Project Experience:** The capstone project provided an opportunity for participants to demonstrate their ability to apply data science methods to solve real-world problems.
- **Networking:** Participants had the chance to connect with industry professionals and peers, creating valuable networking opportunities.

Event Name:

Boot Camp on Data Science : Hybrid
Training program by Edureka.

Date:

13-04-2023

Please provide us with your feedback by completing this questionnaire.

Please rate the Activity on the following scale (1: Poor, 2: Fair, 3: Good, 4: Very good, 5:Excellent) by encircling an option below.

1.	Knowledge or skills gained from the activity	1	2	3	4	5
						✓
2.	Relevance of Content to Your Studies/Career Interests	1	2	3	4	5
						✓
3.	How engaging were the industry professionals during the activity?	1	2	3	4	5
					✓	
4.	How closely did the content of the activity align with your current academic studies or career interests?	1	2	3	4	5
					✓	
5.	On a scale of poor to excellent, how would you rate the relevance of this activity to your studies and future career?	1	2	3	4	5
						✓

Remarks:

The training program offered an immersive learning experience, combining both online and in-person sessions. Students gained hands-on experience with the data tools.

A Report on

“Awareness campaign to educate students about the unique challenges faced by Veterans”

Date: 25-01-2023

Venue: CSE seminar hall

No of students: 170

The Awareness Campaign organized by the Department on Jan 25, 2023, Veterans India has been actively collaborating with various educational institutions to support veterans and their families. The campaign included a series of lectures and interactive sessions aimed at fostering understanding and respect for veterans within the student community.

Objectives

The primary objectives of the awareness campaign were:

- To inform students about the sacrifices and contributions of veterans.
- To highlight the challenges veterans face during and after their service.
- To foster a supportive and inclusive environment for veterans and their families within the community.

Campaign Activities

a. Opening Lecture

The campaign was inaugurated with a keynote lecture by a distinguished veteran S.H. Mishra who shared personal experiences and discussed the broader context of military service and its impacts.

b. Interactive Sessions

Multiple interactive sessions were held, where students engaged in discussions with veterans, participated in Q&A sessions, and explored topics such as mental health, career transitions, and the importance of community support.

c. Panel Discussion

A panel discussion featuring veterans, mental health professionals, and educators was organized to delve deeper into the psychological and social challenges faced by veterans.

d. Awareness Workshops

Workshops focused on specific issues such as PTSD, family dynamics, and reintegration into civilian life. These workshops included role-playing exercises and group discussions.

The awareness campaign conducted at our college was a significant step towards bridging the gap between veterans and the civilian community. By educating students about the unique challenges faced by veterans, we have laid the foundation for a more supportive and empathetic society.

A Bootcamp Report on “Full Stack Development”

Date: 25th January, 2023

Venue: CSE Seminar hall

No of Participants: 100

A Bootcamp on “Full Stack Development” was successfully conducted in the City Engineering College, on 25th January, 2023 for 7th Semester CSE students organized by Department of CSE. The Bootcamp sessions received an overwhelming response from 7th semester students’ participants. The Workshop was carried out by the resource person **Mrs. Roopa Mahadev**, Senior Developer, Accurate Info Solutions, Bangalore.

Objectives:

The core objective of the bootcamp is to demystify the different topics in Full Stack development.

Students are expected to:

- Learn basic Concepts of HTML, CSS, JavaScript,
- Build couple of basic projects,
- Build a Todo application using popular technologies like React, Node, Mongoose, Express, Bootstrap.

Outcomes:

The outcomes of a bootcamp in full-stack development can be quite impactful, especially if the bootcamp is well-structured and intensive. Here are some common outcomes:

1. **Skill Acquisition:** Participants usually gain a strong foundation in both front-end and back-end development. This typically includes proficiency in languages like HTML, CSS, JavaScript, and frameworks like React or Angular for front-end, and Node.js, Python, Ruby, or Java for back-end development.
2. **Project Portfolio:** By the end of the bootcamp, participants often have a portfolio of projects that they can showcase to potential employers. These projects demonstrate their ability to build functional, full-stack applications.
3. **Career Opportunities:** Many bootcamps offer career support, including resume workshops, interview preparation, and networking opportunities. Graduates may find job opportunities as

CITY
ENGINEERING COLLEGE

junior developers, front-end or back-end developers, or even in full-stack roles.

4. Practical Experience: The hands-on approach of bootcamps ensures that participants not only learn theoretical concepts but also apply them in real-world scenarios, which can be a significant advantage in the job market.
5. Networking: Participants often build connections with instructors, peers, and industry professionals, which can be valuable for future job searches or collaborations.
6. Confidence and Problem-Solving Skills: Bootcamps are designed to be challenging, pushing participants to solve problems independently and collaborate with others. This can boost confidence and improve problem-solving abilities.

Overall, a full-stack development bootcamp can be a transformative experience, particularly for those looking to transition into a tech career or enhance their existing skills.

Resource person **Mrs. Roopa Mahadev**, addressing the participants about Bootcamp objectives and insights

A Report on

“Boot Camp on Coffee.io by M/s Gong Labs Pvt Ltd”

Date:05-01-2023

Venue: CSE seminar hall and Labs

No of participants:110

The bootcamp organized by the Department of CSE/ISE on Jan 05, 2023, aimed to spread awareness about the benefits of coffee.io among students through all means possible in the capacity of college management. Hosted by Mr. Ankit Mittal, CTO of M/s Gong labs Pvt Ltd, the event focused on equipping 5th - semester students with essential skills for careers in data-driven industries.

 **CITY ENGINEERING COLLEGE** 
Near Doddakallasandra Metro Station Doddakallasandra, Bangalore - 560 062.

Objectives:

The objective is to help recruiters make quick and bias-free decisions, in a cost-effective and efficient manner by bringing all recruitment related functions in one place. The startup also aims to create a community for job seekers and developers to collaborate, learn and grow, and find the right job.

Key Highlights of the Session:

1. **Comprehensive Training Modules:** The bootcamp offers targeted training modules that help participants develop specific skills required for tech roles. This includes technical assessments, mock interviews, and live coding sessions to ensure candidates are well-prepared for real-world interviews.
2. **AI-Enabled Assessments:** Coffeee.io uses AI to create customized assessments for candidates. These assessments are designed to evaluate over 100 different skills, ensuring a thorough evaluation of each participant's abilities.
3. **Bias-Free Recruitment:** The platform emphasizes a merit-based, unbiased recruitment process. This is achieved through AI-driven pre-screening tests, which eliminate biases related to geography or educational background.
4. **Large Network and Community:** Coffeee.io has built a large network that includes over 700 colleges and 45,000 students. This extensive community provides ample opportunities for participants to connect with potential employers.
5. **Support for Underrepresented Regions:** The bootcamp is accessible to students from Tier II, III, and IV cities, ensuring that talented individuals from all parts of India have the opportunity to succeed.
6. **Cost Efficiency for Recruiters:** The platform reduces recruitment costs for companies by offering a single platform for screening, evaluation, and interviewing candidates, charging significantly less than traditional recruitment methods.
7. **Live Coding Interviews:** The bootcamp includes live coding interviews where candidates can demonstrate their skills in real-time, providing recruiters with a clear understanding of their capabilities.

CITY
ENGINEERING COLLEGE

Coffee.io aims to bridge the gap between fresh talent and recruiters, making the hiring process more efficient and effective for both parties

The "Boot Camp on Coffee.io" by M/s Gong Labs Pvt Ltd was instrumental in equipping students with practical skills and confidence essential for success in industries. With a strong foundation established in fundamental concepts and hands-on experience with tools, participants are well-prepared to embark on their professional journeys in coffee.io.

The Department of CSE in association ExcelR is organizing workshop on “**Cloud Computing and DevOps**” at **06th December, 2022** for 6th Semester CSE students. The Workshop will be carried out by the resource person from ExcelR, Bangalore.

Venue: CSE Seminar Hall

Time : 10.30 AM

Principal

A Workshop Report on “Cloud Computing and DevOps”

Date: 06-12-2022

Venue: ExcelR office

No of participants:104

The Workshop organized by the Department of CSE in association ExcelR on, 06-12-2022, ExcelR has grown to become a leading giant in space of Training and Consulting, helping students and professionals across the globe by delivering top-notch, world-class classroom and online training. We house a passionate bunch of professionals that are committed towards answering the industry needs in the ever-changing technological advancements and catering towards all your needs.

Topics Covered:

1. Introduction to Cloud Computing:

- Definition and Concepts: Overview of cloud computing, its essential characteristics, service models (IaaS, PaaS, SaaS), and deployment models (public, private, hybrid).
- Benefits: Scalability, flexibility, cost-efficiency, and access to advanced technologies.
- Major Providers: Introduction to leading cloud service providers such as AWS, Microsoft Azure, Google Cloud Platform, and IBM Cloud.

2. Cloud Services and Solutions:

- Compute Services: Virtual machines, containerization (Docker, Kubernetes), and serverless computing.
- Storage Solutions: Block storage, object storage, file storage, and databases (SQL and NoSQL).
- Networking: Virtual private clouds (VPCs), content delivery networks (CDNs), and load balancing.
- Security: Identity and access management (IAM), encryption, compliance, and best practices for securing cloud environments.

3. Introduction to DevOps:

- Definition and Principles: Overview of DevOps, its core principles (culture, automation, measurement, and sharing), and the DevOps lifecycle.
- Benefits: Faster delivery of software, improved collaboration between development and operations teams, and enhanced product quality.

4. DevOps Practices and Tools:

- Continuous Integration (CI): Tools and practices for integrating code changes frequently (Jenkins, GitLab CI, Travis CI).
- Continuous Deployment (CD): Automated deployment processes to deliver applications to production (Spinnaker, CircleCI, AWS CodePipeline).
- Infrastructure as Code (IaC): Managing and provisioning infrastructure through code (Terraform, Ansible, Chef, Puppet).
- Monitoring and Logging: Tools for monitoring application performance and logging

(Prometheus, Grafana, ELK Stack).

5. Case Studies and Real-World Applications:

- Industry Use Cases: Examples of how companies leverage cloud computing and DevOps to enhance their operations and achieve business goals.
- Success Stories: Discussion of successful implementations and lessons learned from real-world projects.

6. Hands-on Demonstrations:

- Cloud Environment Setup: Step-by-step guide to setting up a cloud environment using a popular cloud service provider.
- CI/CD Pipeline: Demonstration of creating a CI/CD pipeline to automate the build, test, and deployment process.

Outcomes:

- Enhanced Understanding: Students gained a solid foundation in cloud computing and DevOps, understanding their importance and applications.
- Practical Skills: Hands-on demonstrations provided students with practical experience in setting up cloud environments and implementing DevOps practices.
- Industry Insight: Real-world case studies and examples helped students understand the impact of these technologies in various industries.

CIRCULAR

The Training and Placement cell is organizing Technical Training Program on **04.11.2022** from **9:30 am to 4:30 pm** for all final year students. The main goal for this training course is to improve and enhance the capabilities and skills of upcoming graduates and readiness to work in the industry.

Principal
(Dr. Thippeswamy H N)

Report on Technical Training for Final Year students
by
TRANSIT
Training & Recruitment Partner

Date: **04.11.2022 to 08-11-2022**

Venue: A- Block Class rooms

No of participants:130

As development professionals, it's also an important part of our responsibilities, and the basis for any effective Monitoring, Evaluation, Learning & Sharing system to train our students and build them industry ready. Without a solid process for training, we often put it off. Understanding the objectives, selecting the right methods to collect data for technical training, analysing that data, planning, drafting, editing, and, ultimately, persuading ... and so many steps where things can go off-track.

And therefore here, we the **Training & Placement cell** come up the **Technical training sessions for the Final year Students.**

Introduction:

The main goal for this training course is:

1. Improve and enhance the capabilities and skills of upcoming graduates and readiness to work in the industry.

Training Name:

- Technical training Sessions for Final year students.

The topics of the course:

- All the fundamental subjects of Engineering relevant to irrespective of all branches.

Date and Period:

The training course started on **04.11.2022 from 9:30 am to 4:30 pm.**

Methodology of training:

The training focused on applied and practical methods by using the following concepts:

- Brainstorming regards the definition of role in leading and developing the organization.
- Presenting the subjects by involving the students in discussion and encouraging conversation.

- Dividing the large group into small groups and given these small groups specific tasks as example, PPT presentations, single person explaining a topic, etc.

Positive aspect of the training:

- The students were interested and enthusiastic about all the subjects.
- The instruction followed a democratic system in managing their sessions.
- The participants have gained reasonable skills experiences which will enable them to prepare and write project project proposals.
- The class room is well equipped and convenient.

Evaluation of the performance of the students:

- The students in Training would be evaluated through the test sessions.

Feedback Form

Event Name: Technical Training for final year students.
by Transit.

Date: 04.11.2022.

Please provide us with your feedback by completing this questionnaire.

Please rate the Activity on the following scale (1: Poor, 2: Fair, 3: Good, 4: Very good, 5:Excellent) by encircling an option below.

1.	Knowledge or skills gained from the activity	1	2	3	4	5
					✓	
2.	Relevance of Content to Your Studies/Career Interests	1	2	3	4	5
					✓	
3.	How engaging were the industry professionals during the activity?	1	2	3	4	5
					✓	
4.	How closely did the content of the activity align with your current academic studies or career interests?	1	2	3	4	5
						✓
5.	On a scale of poor to excellent, how would you rate the relevance of this activity to your studies and future career?	1	2	3	4	5
						✓

Remarks: It was highly Beneficial, providing Students with practical skills and Industry insights. It effectively prepared Students for future Career opportunities.
