

CITY ENGINEERING COLLEGE

Approved by AICTE New Delhi & Affiliated by VTU, Belagavi
Doddakallasandra, Off Kanakapura Main Road,
Next to Gokulam Apartment, Bangalore - 560 062.

CRITERION 4 – INFRASTRUCTURE AND LEARNING RESOURCES

KEY INDICATOR: 4.1 Physical Facilities.

- Metric Number: 4.1.1**
- The Institution has adequate infrastructure and physical facilities for teaching – learning, classrooms, laboratories, computing equipment etc.
 - ICT – enabled facilities such as smart class, LMS etc. Facilities for cultural and sports activities, yoga activity, games (indoor and outdoor), auditorium etc.

City Engineering College (CEC) is situated in Doddakallasandra, Bengaluru, offers a comprehensive learning environment for students. CEC has maintained a green campus sprawling across more than 6.21 acres of land. The Institution is continuously making efforts to ensure the adequacy and modernization of infrastructure facilities such as buildings, machinery, equipment, software, books and other learning tools. It has built an impressive infrastructure with modern facilities and learning resources as per the prescribed norms of statutory bodies like UGC, AICTE and VTU that include.

- Classrooms with ICT enabled Facilities
- Laboratories with state of art technology
- Seminar Halls
- Library and Information Centre

Indoor Games & outdoor Games include the following that are made available at campus

- Table Tennis
- Chess
- Carom
- Badminton
- Throw ball
- Kabaddi
- Cricket
- Volley ball
- Kho- Kho

Other facilities:

- RO Drinking water
- Lifts
- Ramp and Skywalk facilities
- Washrooms with proper sanitary waste disposal system
- Power backups connected to all Labs
- Fire extinguishers
- Renewable Energy Sources like – Solar power, Windmill.

- City Cafeteria
- Transportation
- Bank and ATM facilities
- Health care center
- Emergency efficiency (fire safety)
- Washrooms for Divyangjan (PWD)

A state of art Auditorium with an ample seating capacity of upto 1000 students. The cultural committee identifies diverse talents through auditions and encourages them to participate in inter collegiate competitions and national competitions and win trophies. The institution has student's platform called "CEC - KALARAVA" – an annual fest to encourage interest in cultural activities.

The institution is committed to disseminate a Yoga movement. As per NEP, Yoga /National Service Scheme (NSS) / Physical Education - (Sports and Athletics) are made part of the syllabus as per VTU in 2022 scheme (for 3rd semester to 5th semester students), 2021 scheme (for 3rd to 8th Semester). "International Yoga Day" is celebrated on 21st June of every year and orientation on yoga is also a part of first year induction program.

To improve the educational experience for students, the college uses a range of techniques in classrooms, labs and during industrial visits. These techniques involve hands-on methods like chalkboard instruction, integration of open-source software systems and use of Information and Communication Technology (ICT) tools. The labs are equipped with a range of tools and instruments necessary for conducting experiments and data analysis, catering to both undergraduate and postgraduate students. These systems allow for virtual communication between teachers and students, making it easier to share lecture content and carry out online case studies. This method boosts involvement and encourages ongoing learning outside of the usual classroom environment.

The institute prides itself on an array of centralized amenities, a well-equipped centralized library with an area of 800 Sq. Meters computers for accessing digital content and a campus blanketed in Wi-Fi connectivity, boasting an impressive internet bandwidth of 500 Mbps collaborated with vendor Active Line Telecom Pvt.Ltd. We have dedicated Seminar halls with Audio and Video systems, facilitating technical events, guest lectures and Skill Development Programs (SDPs) at the College level.

CLASSROOM AND SEMINAR HALL

It is typically a designated room within an educational institution that is equipped with essential resources like a smart TV to support teaching and learning. Key features commonly found in classrooms include desks or tables for student workspaces and boards (whiteboards and blackboards) for instructional purposes and note-taking. They are also equipped with technology such as computers, projectors, and interactive displays to facilitate modern teaching methods. These facilities are tailored to enhance the teaching and learning experience, ensuring a conducive environment for academic development.

LABORATORIES

City Engineering College features 38 well-equipped laboratories with projectors that support both undergraduate, postgraduate students and research scholars in scientific research, experimentation, and analysis. These laboratories are equipped with a wide array of tools, instruments, and equipment essential for conducting experiments, gathering data, and analyzing samples across disciplines such as computer systems, electronics and communication engineering, mechanical engineering, and civil engineering.

Students at City Engineering College collaborate closely with experienced faculty members and industry experts within these laboratories. This collaborative environment enables students to undertake advanced experiments, develop research projects, and gain practical insights into real-world challenges and opportunities. Such hands-on experience prepares them effectively for their future careers in their respective fields.

COMPUTER FACILITIES

City Engineering College boasts state-of-the-art computing facilities that offer students, faculty, and staff access to cutting-edge resources and services. Designed to support academic and research endeavors, foster innovation, encourage collaboration, and enhance digital literacy, our computing environment is flexible, secure, and geared towards success in today's digital landscape.

The college provides 581 computers distributed across departmental and administrative cabins, intended for use by faculty, students, and administrative staff. Among these 522 computers, are exclusively allocated for student use, ensuring they have ample access to technology for their academic pursuits and personal development.

AMENITIES

City Engineering College prioritizes the holistic well-being of its students with a range of facilities designed to promote physical and mental fitness. These include department and central libraries, an auditorium, and indoor and outdoor sports amenities.

Outdoor sports facilities feature a football court, a cricket field, a volleyball court, and spaces for games like throw-ball and kho-kho. Indoor sports enthusiasts can enjoy facilities such as badminton courts, chess sets, carrom boards, and table tennis tables.

For recreational and cultural activities, the institution offers suitable venues, including auditoriums, seminar halls, and conference rooms. These spaces are utilized for events such as the cultural festival "IGNITE" and the annual sports day, showcasing the institution's commitment to providing a vibrant extracurricular environment alongside academic pursuits.

ADDITIONAL FACILITIES

- Wi-Fi-enabled campus
- City Cafeteria
- Transportation
- Bank and ATM facilities
- Health care center
- Placement Cell & Alumni Network
- Solar power, emergency efficiency (fire safety)
- Physically Handicap Washrooms
- Ramp and Skywalk facilities

KEY INDICATOR: 4.1 Physical Facilities.

- Metric Number: 4.1.1**
- The Institution has adequate infrastructure and physical facilities for teaching – learning, classrooms, laboratories, computing equipment etc.
 - ICT – enabled facilities such as smart class, LMS etc. Facilities for cultural and sports activities, yoga activity, games (indoor and outdoor), auditorium etc.

Item No 4: Computing Facilities

City Engineering College has been making significant strides in enhancing its IT infrastructure to support academic excellence and prepare students for the digital future. The college recognizes the critical role of advanced technology in engineering education and has improved its IT resources. Below are some of the steps taken in that direction.

- **Alignment with Accreditation Standards:** Efforts are aligned with the standards set by AICTE and VTU, recognizing the importance of IT in academics and administration.
- **Faculty Empowerment:** Faculty members are equipped with high-end configuration Desktops for effective teaching, research, and administrative tasks.
- **Departmental Computer Labs:** High-performance computer labs are available across all departments, including support departments like accounts, admissions, and libraries.
- **Robust Internet Connectivity:** A 500 Mbps leased line ensures seamless online access for faculty and students.
- **Campus-Wide Network:**
 - Centralized firewall and three-layer switching LAN guarantee a secure and reliable network.
 - D-Link and TP-link switches with a Bus topology and 100 Mbps bandwidth offer a robust network framework.
- **Wi-Fi Availability:** Wi-Fi facilities with a speed of 500 Mbps are accessible throughout the college.

CRITERION 4 – INFRASTRUCTURE AND LEARNING RESOURCES

KEY INDICATOR: 4.1 Physical Facilities.

- Metric Number: 4.1.1**
- The Institution has adequate infrastructure and physical facilities for teaching – learning, classrooms, laboratories, computing equipment etc.
 - ICT – enabled facilities such as smart class, LMS etc. Facilities for cultural and sports activities, yoga activity, games (indoor and outdoor), auditorium etc.

Item No 5: Library Facilities

Integrated Library Management System (ILMS)

The Institute Library and information center is automated using LIBSOFT (Version 12.0). All transactions in the library are done through the barcode interface.

The highlights of ILMS are summarized below.

LIBSOFT 12.0

- Provides easy access to information for Library users.
- Alert the Staff and Students about their Dues.
- Reduce the time of processing of library books.
- Automation of all the administrative works wiz acquisition of reading materials, cataloging and circulation of reading materials, serial control etc.
- Makes the service more quick, efficient and effective.
- OPAC facility.

Digital Library:

The Institute library has a Digital Library which provides access to digital Resources. IP based authenticated access has been provided. 20 computers are available with LAN connectivity.

Subscription to e– resources:

The Institute library is a member of VTU e – Consortium through which we can access IEEE, Springer, Taylor and Francis, Elsevier and many other e-books and Journals.

5.1 Library is automated using Lib-soft

The Institute Library and information center operates on LIBSOFT (Version 12.0) with a barcode interface, ensuring all library transactions are automated for efficiency. LIBSOFT 12.0 enhances user experience by providing easy access to information, alerting users about dues, and automating administrative tasks like acquisition and cataloguing.

The Digital Library offers IP-based authenticated access and LAN connectivity for 20 computers, supporting access to a variety of digital resources and subscriptions through VTU e-Consortium. E-Resources from leading publishers like IEEE, Springer, and Science direct, complemented by tools such as KNIMBUS, enhance research capabilities and academic collaboration, making scholarly information readily accessible anytime, anywhere

5.4 E-Journals

The screenshot displays the 'eCatalog' page of the City Engineering College website. The page features a navigation menu with options like 'eCatalog', 'Explore', 'Research+', 'Off-Campus Ac...', 'About Us', 'Contact Us', and 'Feedback'. A search bar is located in the top right corner. Below the navigation, there is a section titled 'eCatalog' with a subtitle 'A comprehensive list of all your content in the eLibrary'. A horizontal menu allows users to filter content by letter (A-Z), with a 'A-Z List' button on the right. Underneath, there are two tabs: 'Source' and 'Content'. The 'SUBSCRIBED (9)' section lists various e-resources, each with a logo and name: ACM Digital Library (ACM), eBooks Premium, Emerald, IEEE, New Age International, Proquest, Science Direct, Springer, and Taylor and Francis.

5.5 Digital Library

A digital library is expected to support the following features.

- Provide access to very large information collection(s)
- Focus on providing access to primary (or complete) information not merely surrogates or indexes.
- Support multimedia content
- Network accessible Provide user-friendly interface
- Use declarative representation of document (e.g. tagged small text) in addition or as against image, postscript, etc. forms
- Unique referencing of digital objects
- Enable link representation to local external object (hypertext)
- Clearly separate the digital library and the user interfaces by employing client server architecture.

Services of Digital library

After converting a traditional library into a digital library, the following services can be provided. E-mail can be used to communicate quickly with users and others.
