**A Report on**  
**“French Essentials: Your Gateway to the Language”**

This workshop is designed to immerse you in the vibrant world of the French language. This session provided a comprehensive introduction to French, making the language accessible and engaging. Fundamental aspects of French, including basic vocabulary, essential grammar, and practical phrases, all within the context of real-life situations were explained. The primary objective of "French Essentials: Your Gateway to the Language" was to equip participants with the foundational skills necessary for effective communication in French.

Its methodology blended interactive instruction with practical exercises to ensure a dynamic learning experience. It started with an overview of essential vocabulary and grammar rules, using clear explanations and relatable examples. Fundamental understanding of French grammar, including sentence structure and verb conjugations, enabling you to construct simple sentences and questions were taught.

## **A Report on “INTERNATIONAL DAY OF YOGA”**

**Date: 21-06-2019**

### **INTRODUCTION:**

Yoga means “Union” of the six systems of Indian philosophies. The basic text that details these philosophies is the Yoga Sutra by the great sage Patanjali. According to Patanjali, yoga is defined as 'Chittavrittinirodha,' a state of mind free from the states of worry, trouble, anger, or fear.

### **METHODOLOGY:**

Yoga is important for both physical and mental well-being. It combines physical postures, breathing exercises, and meditation to enhance flexibility, strength, and balance. Regular practice helps reduce stress, anxiety, and depression by promoting relaxation and mental clarity. Additionally, yoga supports cardiovascular health, improves respiratory function, and aids in weight management. By fostering a sense of mindfulness and inner peace, yoga cultivates a deeper connection between mind and body, contributing to overall health and quality of life.

### **OBJECTIVE:**

During the COVID-19 pandemic, the objective of yoga has been to offer individuals a holistic approach to maintaining physical and mental well-being amidst unprecedented challenges. With social distancing and lockdowns affecting daily routines, yoga has provided a means to manage stress, anxiety, and physical ailments that arose from prolonged sedentary lifestyles and isolation. By integrating mindful breathing, gentle movement, and meditation, yoga has helped people build resilience, enhance immune function, and cultivate a sense of inner peace. It has served as a valuable tool for fostering emotional balance and mental clarity, enabling individuals to navigate the uncertainties of the pandemic with greater ease and stability.

### **OUTCOME:**

The outcome of practicing yoga during the COVID-19 pandemic has been largely positive, offering significant benefits in both physical and mental health. Many individuals experienced improved resilience to stress and anxiety as yoga provided a structured routine and a sense of normalcy amidst the chaos. The focus on mindful breathing and meditation helped alleviate symptoms of depression and anxiety, contributing to overall emotional well-being. Physically, yoga alleviated common issues such as back pain and stiffness resulting from prolonged sitting or

less physical activity. Additionally, the accessibility of online classes and virtual communities allowed people to maintain social connections and support networks, enhancing feelings of belonging and reducing feelings of isolation. Overall, yoga proved to be a valuable tool for promoting holistic health and maintaining balance during a challenging period.
