BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	ENCOURAGING FINAL YEAR STUDENT TO PREPARE FOR THE GATE
OBJECTIVE	<p>Career Advancement: Emphasize how GATE scores can open doors to higher education opportunities (like MTech, M.S.) and enhance job prospects in public sector companies.</p> <p>Scholarships and Fellowships: Highlight how good GATE scores can lead to scholarships, fellowships, and financial support for further studies.</p> <p>Define Purpose: Help them set specific goals, such as targeting a particular score or rank, which will guide their preparation and keep them motivated.</p> <p>Plan of Action: Assist in creating a structured study plan that breaks down the preparation into manageable tasks and milestones.</p>

<p>DESCRIPTION</p>	<p>Ms. Bhuvaneshwar was conducting a session aimed at encouraging final-year students to prepare for the GATE exam.</p> <p>The workshop provided strategies, resources, and motivational support to help students excel in their preparation and achieve their career goals.</p>
<p>OUTCOMES</p>	<p>Higher Scores: With focused preparation, students are likely to achieve higher scores on the GATE exam, which can open doors to better educational and career opportunities.</p> <p>Better Understanding: Students will develop a deeper understanding of their subject matter, which will not only help in the GATE but also in their final-year exams and future studies.</p> <p>Self-Efficacy: As students prepare diligently and see progress, their confidence in their abilities will grow, leading to improved performance during the exam.</p>

FIG 1: Mr. Bhuvaneshwar addressing the students

Encouraging Final year students to prepare for the GATE

This seminar was conducted to provide the awareness about Graduate Aptitude Test in Engineering (GATE) examination and to encourage the final and Pre final year students of all the branches of Engineering. The response was good as more than 130 students participated in the event.

Importance of GATE:

Higher education: GATE is a qualifying exam for admission to postgraduate courses (M.E./MTech/MS/PhD) in top engineering colleges and universities in India. If you're interested in pursuing higher education in engineering or related fields, GATE could be a great opportunity for you.

Scholarships and stipends: Several organizations, such as the Ministry of Human Resource Development (MHRD), provide scholarships and stipends to GATE qualified candidates pursuing postgraduate courses. **Job opportunities:** Many public sector undertakings (PSUs) and private companies consider GATE scores as a criterion for recruitment. GATE qualified candidates may have an advantage in the job market, as it demonstrates a high level of knowledge and expertise in their field. **Career growth:** GATE qualification can also open doors to career advancement opportunities, such as promotions, higher salaries, and leadership roles in companies.

Test of knowledge and skills: GATE is designed to test the technical and analytical skills of candidates in various engineering disciplines. Preparing for and taking GATE can help you develop a deeper understanding of the subject and build a strong foundation for your future career.

Overall, GATE can be a valuable investment in your education and career. However, it requires a lot of dedication and hard work to prepare for the exam, so make sure to consider your personal circumstances and goals before making a decision.

Vani Institute is one of the leading coaching institutes committed to provide premium quality education to the students who are willing to appear in any competitive exams since 1991. They prepare our students for GATE, ESE, PSU and various other exams. Primary motto of Vani Institute is to strengthen the capabilities and proficiency of the students so that they can score well even in the highly competitive exams. Established by a team of enthusiastic toppers and specialists, the institute endeavours to make the dreams of students come true.

BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	ACADEMIC KNOWLEDGE AND PRACTICAL SKILLS DEMANDED BY INDUSTRIES
OBJECTIVE	<p>Curriculum Alignment: Ensure that academic curricula are designed to reflect current industry trends, technologies, and practices. This helps in providing students with relevant theoretical knowledge that is directly applicable in professional settings.</p> <p>Practical Application: Incorporate hands- on projects, labs, and industry-based case studies into the curriculum to allow students to apply theoretical concepts in real-world scenarios.</p> <p>Technical Proficiency: Equip students with advanced technical skills and tools that are in demand in their respective industries, such as programming languages, software applications, and engineering techniques.</p>

<p>DESCRIPTION</p>	<p>Mr. Murali Manoharan's session on "Academic Knowledge and Practical Skills Demanded by Industries" focused on bridging the gap between academic learning and real-world industry requirements.</p> <p>He emphasized essential skills and knowledge areas that are crucial for students to thrive in today's competitive job market</p>
<p>OUTCOMES</p>	<p>Job Readiness: Graduates are better prepared to enter the workforce immediately due to their hands-on experience and relevant skills, reducing the time required for on-the-job training.</p> <p>Attractive Candidates: Students with industry-relevant skills and practical experience become more attractive candidates to employers, increasing their chances of securing employment.</p> <p>Curriculum Alignment: Educational programs that reflect industry needs ensure that the knowledge and skills imparted are up-to-date and relevant, leading to more effective and efficient learning.</p>

BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	INTELLECTUAL PROPERTY RIGHTS
OBJECTIVE	<p>To encourage the creativity of the humanmind for the benefit of all and to ensure that the benefits arising from exploiting a creation benefit the creator.</p> <p>Protection of Creations: Safeguard the rights of creators, inventors, and businesses by legally protecting their innovations, designs, and artistic works. This encourages the continued development and sharing of new ideas.</p> <p>Incentivizing Investment: Provide assurance to individuals and companies that their investments in research and development, design, and creative endeavors will be protected, thus promoting further investment in innovative activities.</p>

<p>DESCRIPTION</p>	<p>Dr.Manjunath's session on "Intellectual Property Rights" provided an in-depth overview of the legal protections for innovations, trademarks, copyrights, and patents.</p> <p>He highlighted the importance of safeguarding intellectual assets and navigating the complexities of IP laws to enhance business and creative endeavors.</p>
<p>OUTCOMES</p>	<p>Encouraged Invention: Inventors and creators are more motivated to develop new products and ideas when they know their intellectual property is protected, leading to a surge in technological advancements and creative works.</p> <p>Increased Investment: The assurance of IP protection encourages individuals and companies to invest in research and development (R&D), knowing their innovations will be safeguarded.</p> <p>The primary function of intellectual property rights (IPRs) is to protect and stimulate the development and distribution of new products and the provision of new services based on the creation and exploitation of inventions, trademarks, designs, creative content or other intangible assets.</p>

About the Institute

City Engineering College was started in 2001 by the Jayanagar Education Society. The college is located next to Gokulam apartments, Doddakalasandra Metro Station Bangalore-61.

The department offers UG, PG & PhD programs in Computer science, Information Science, Artificial Intelligence and Machine Learning. The department has qualified, dedicated, experienced and trained faculty with deep sense of commitment towards the students and institution. Teaching faculty with proficiency in various subjects motivates students to participate in research activities and skill development programs. The department has state of the art laboratories with well-equipped software such as MATLAB, LABView, etc., for both UG and PG programs.

BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	Startup & its opportunities and Solar energy for a sustainable future
OBJECTIVE	<p>Vision and Mission: Outline the long-term vision and mission of the startup. What problem are you solving, and how do you plan to achieve it.</p> <p>KPIs: Set key performance indicators (KPIs) to measure progress. These could be customer acquisition rates, revenue targets, or product milestones.</p> <p>Talent: Assemble a team with diverse skills and expertise. Ensure that team members are aligned with the startup's goals and culture.</p> <p>Roles and Responsibilities: Clearly define roles and responsibilities to avoid confusion and inefficiencies. Revenue Streams: Identify and validate potential revenue streams.</p>

<p>DESCRIPTION</p>	<p>Dr. C. Ramchandra's "Startup & Its Opportunities and Solar Energy for a Sustainable Future" explored the potential for entrepreneurial ventures in the startup ecosystem and the transformative impact of solar energy.</p> <p>He emphasized innovative business opportunities and the role of renewable energy in achieving long-term sustainability.</p>
<p>OUTCOMES</p>	<p>Innovation Impact: Startups often introduce disruptive technologies or business models that challenge established players and create new market opportunities.</p> <p>Industry Transformation: Successful startups can transform entire industries, leading to new standards, practices, and consumer expectations.</p> <p>Job Creation: Startups contribute to job creation by hiring employees and generating economic activity within their communities.</p>
