

CRITERION 6 – GOVERNANCE LEADERSHIP AND MANAGEMENT

KEY INDICATOR: 6.1.1 Institutional Vision and Leadership.

Metric Number: 6.1.1 Institutional Vision and Leadership

Sl. No	Description of the document
1	Vision and Mission
2	Institute Organogram
3.	Leadership
4.	NEP Implementation
5	Constitution of Governing Body during the current years
6	Decentralization

CITY
ENGINEERING COLLEGE

VISVESVARAYA TECHNOLOGICAL UNIVERSITY

VISION

To become an outstanding Technological University at the cutting edge of Science and Technology that produces world class Knowledge-delivery, Research, Extension and Leadership in Technology innovation for Industry and Society.

MISSION

M1: To plan the development of technical education, to establish value-based and need-based education and training in engineering.

M2: Technology, with a view to generate qualified and competent manpower, responsive to technological and societal needs.

CITY
ENGINEERING COLLEGE

CITY ENGINEERING COLLEGE

VISION

Making Remarkable Contribution by Disseminating Knowledge on Emerging Trends in Engineering and Technology through various Programs, Innovation and Research so as to Excel in Quality both at National and International level and to provide Career Guidance & Training for Employment.

MISSION

M1: To encourage Knowledge Acquisition and Foster Innovation & Research.

M2: To Prepare Students for Immediate Employment, leading to Technological and Social-Economic growth

M3: To Provide Guidance for a Productive Career under various programmers.

QUALITY POLICY

The Institution believes in providing High Quality Education to the Students using necessary quality bench marks in the area of Faculty Recruitment. Development and students learning process through sustained efforts.

PROGRAM OUTCOMES (POs)

PO1 – Engineering knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

PO2 – Problem analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.

PO3 – Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO4 – Conduct investigations of complex problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO5 – Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations

PO6 – The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7 – Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development

PO8 – Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO9 – Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams & multidisciplinary settings.

PO10 – Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions

PO11- Project management and finance: Demonstrate knowledge and understanding of the engineering, business and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

CITY
ENGINEERING COLLEGE

PO12 - Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change.

CITY
ENGINEERING COLLEGE

DEPARTMENT OF INTERNAL QUALITY ASSURANCE CELL

VISION

The Internal Quality Assurance Cell (IQAC), established in accordance with NAAC guidelines, aims to work towards quality sustenance and enhancement of the academic and administrative performance of City Engineering College.

MISSION

M1: Developing a system for conscious, consistent, and catalytic improvement in the performance of its principal stakeholders, including staff and students.

M2: Promoting innovative practices that continually improve the effectiveness of learning experiences for students and staff.

M3: Upholding the goals of quality enhancement and sustenance by organizing various activities and programs on campus.

M4: Promoting a learner centric environment for students and staff that fosters the mission and vision of City Engineering College

PROGRAM EDUCATION OUTCOMES(PEO)

PEO1: Development and application of quality parameters for various academic and administrative activities of the institution.

PEO2: Dissemination of information on the various quality parameters of higher education.

CITY
ENGINEERING COLLEGE

PEO3: Preparation of the annual quality assurance report to be submitted to NAAC based on the quality parameters.

PROGRAM SPECIFIC OUTCOMES(PSO)

PSO1: A heightened level of clarity and focus in institutional functioning towards quality enhancement and facilitate internalization of the quality culture.

PSO2: Acting as a change agent in the institution.

PSO3: Enhancement and integration among the various activities of the institution of many good practices.

IQAC Coordinator

DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND MACHINE LEARNING

VISION

To achieve excellent standards of learning environment, to meet the needs of industry using the latest tools, to serve the greater cause of society, and to empower students with a high degree of technical and practical skills.

MISSION

M1: To educate students with problem-solving, and analytical skills in the area of AI & ML for a successful career.

M2: To encourage self-learning skills to carry out research, and innovation and pursue higher studies.

M3: To impart quality and value-based education and contribute towards the innovation of computing expert systems and to apply new advancements in high-performance computing.

PROGRAM EDUCATION OUTCOMES(PEO)

PEO1: To equip graduates with a strong computer science engineering principles, artificial intelligence and machine learning knowledge and enabling them to adapt to emerging technologies.

PEO2: To cultivate graduate capacity to analyze complex Computer Science Engineering and allied area problems, connecting theory to implementations, and promoting research oriented problem-solving skills.

PEO3: To empower graduates for a successful career or entrepreneurship in computer science and allied area, with a commitment to learning, ethics, and societal responsibility.

PROGRAM SPECIFIC OUTCOMES(PSO)

CITY
ENGINEERING COLLEGE

PSO1: Students will be able to apply computer programming approach to deliver solutions for real-world challenges with emerging techniques

PSO2: Students will be able to analyze, implement, and deploy suitable AI and ML models across various domains.

DEPARTMENT OF CIVIL ENGINEERING

VISION

To Impart Knowledge and Excel in training undergraduate students to become Successful Civil Engineers with high Quality and to play a responsible role in the prosperity of society.
To Encourage involvement of students and faculty in Research and Community services.

MISSION

M1: To provide High Quality technical education and training to students for a successful career in Civil Engineering and to provide best service to the human civilization.

M2: To Encourage Innovative Projects, Research and CSR activities.

PROGRAM EDUCATION OUTCOMES(PEO)

PEO1: Imparting knowledge in CIVIL Engineering in Analysis and Design of Structural systems and Sub-Structures in a Sustainable & Eco-friendly manner.

PEO2: Infuse clarity and understanding of the basic principles of various subjects of CIVIL Engineering vis-a-vis skill development such as software tools, design and sustainable construction practices enabled by Industry Institute Interaction.

PEO3: Develop Professional Ethics, Leadership, People Skills, Continuous Learning process addressing societal needs and lifelong learning.

CITY
ENGINEERING COLLEGE

PROGRAM SPECIFIC OUTCOMES(PSO)

PSO1: The graduates of this program will be able to meet the needs of public in the design and execution of quality construction work considering the health, safety, cultural, societal and environmental factors.

PSO2: The graduates will analyze and design regular and complex structures having acquired the knowledge of building analysis software packages.

PSO3: The graduates will be able to work effectively as an individual or in a team having acquired leadership skills and manage projects in multidisciplinary environments.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

VISION

To contribute to Global Development by producing Knowledgeable and Quality professionals who are Innovative and Successful in advanced field of Computer Science & Engineering to adapt the changing Employment demands and social needs.

MISSION

M1: To provide Quality Education for students, to build Confidence by developing their Technical Skills to make them Competitive Computer Science Engineers.

M2: To facilitate Innovation & Research for students and faculty and to provide Internship opportunities

M3: To Collaborate with educational institutions and industries for Excellence in Teaching and Research.

PROGRAM EDUCATION OUTCOMES(PEO)

PEO1: Graduates will have strong foundation in Basic Engineering Sciences that are required for problem solving to succeed in their profession.

PEO2: Graduates will have scientific and engineering knowledge in cutting edge technologies so as to design and solve real life problems using the acquired skills and lifelong learning.

PEO3: Graduates will be professionals with ethics, good communication skills, teamwork capability, and relate engineering problems with social context.

CITY
ENGINEERING COLLEGE

PROGRAM SPECIFIC OUTCOMES(PSO)

PSO1: The Computer Science and Engineering graduates are able to analyze, design, develop, test and apply management principles, mathematical foundations in the development of computational solutions, make them to expert in designing the computer software and hardware.

PSO2: Develop their skills to solve problems in the broad area of programming concepts and appraise environmental and social issues with ethics and manage different projects in inter- disciplinary field.

ENGINEERING**

VISION

To produce Class Engineers for converting global challenges into Opportunities through value Embedded Quality Education in Electronics & Communication Engineering.

MISSION

M1: To achieve Academic Excellence in Electronics and Communication Engineering through Teaching, Innovation and Research.

M2: To enable students to develop into outstanding professionals with high Quality standards to face the emerging challenges of the next millennium.

M3: To provide career Guidance and Placement Opportunities in the Core and allied areas.

PROGRAM EDUCATION OUTCOMES(PEO)

After the graduation, the students will have the ability to:

PEO1: Analyze, design and implement solutions in Electronics and Communication Engineering and to adapt for the changes in technology through innovative learning.

PEO2: To Impart professionalism through Industry Projects and Internships.

PEO3: Work with respect for societal values and concern for environment in implementing engineering solutions.

PROGRAM SPECIFIC OUTCOMES (PSO)

PSO: Analyze and design analog & digital circuits or systems. Implement functional blocks of hardware-software co-designs for signal processing and communication applications.

DEPARTMENT OF APPLIED SCIENCE AND HUMANITIES

VISION

To impart knowledge in science and humanities which is relevant to the core Engineering subjects in graduate students studying in different engineering streams.

MISSION

Department of Applied Science & Humanities is committed to:

M1: Enriching Mathematical logic, Physics, Chemistry through a multi -disciplinary approach among students.

M2: Enhancing the use of technology and theoretical scientific concepts in the area of Applied Sciences.

M3: To educate future scientists and engineers adequately for their professions' by providing core education in Science and humanities to all students of our college.

PROGRAM EDUCATION OUTCOMES(PEO)

PEO1: Students basic concepts in applied science will be enhanced that is necessary for success in industry or in engineering practices as well as advanced study.

PEO2: Students will be equipped with problem-solving, laboratory, and design skills essential for technical careers focused on addressing critical challenges.

PEO3: Students will possess the ability to maintain the environmental serenity while adapting to the dynamic changes in the industry.

CITY
ENGINEERING COLLEGE

PROGRAM SPECIFIC OUTCOMES(PSO)

PSO1: Inculcate the principles of Data Science, Data Management, Data Security and Visualization for building intelligent predictive.

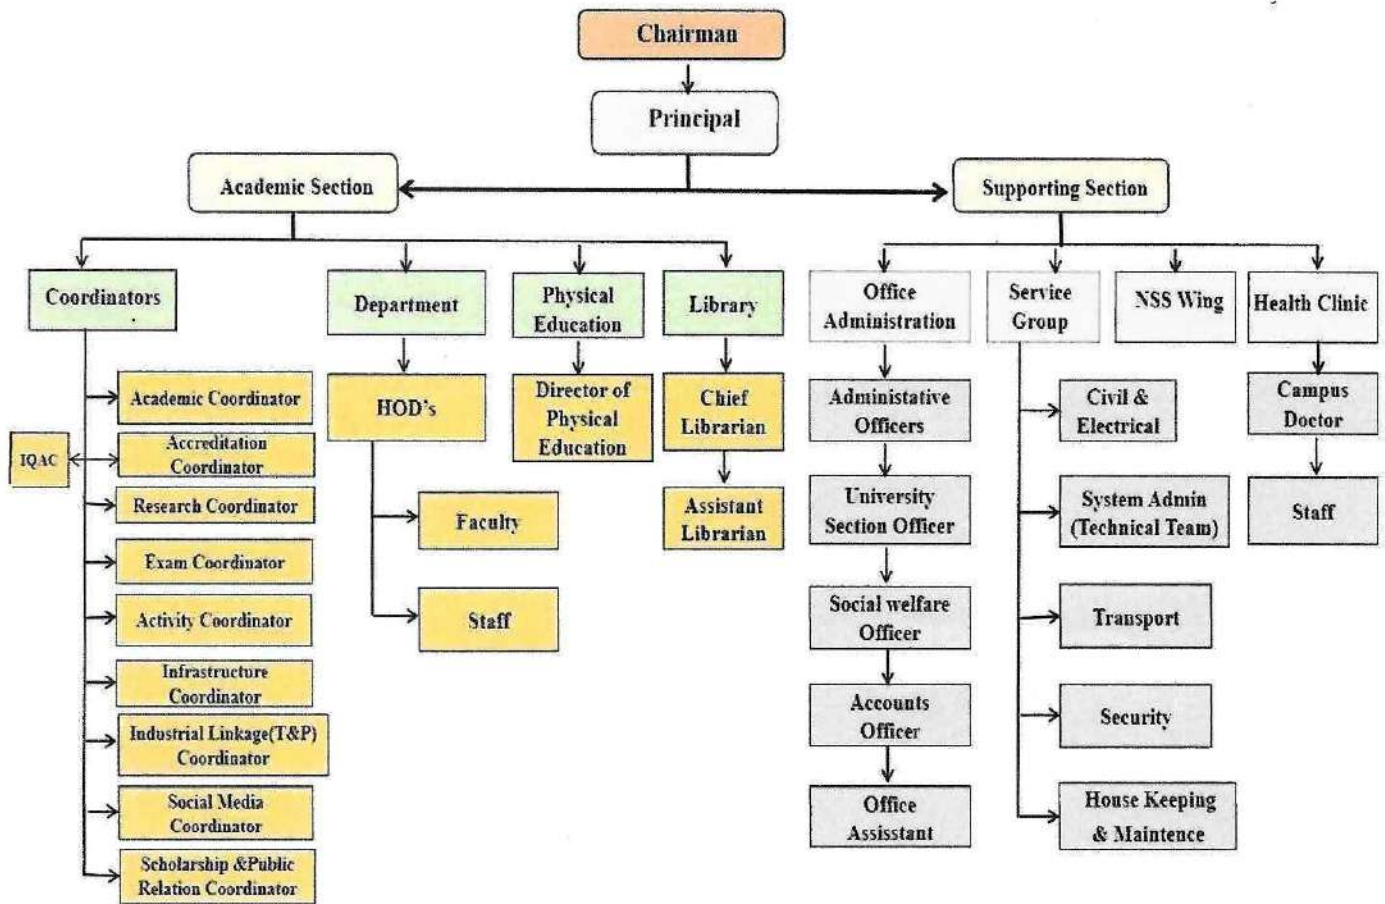

PSO2: Applying the knowledge of analytics, statistics and Machine Learning concepts to solve real world business problems.

Chairman's Message

Dr. K. R. Paramahamsa

MBA, Ph.D. (USA), D.Litt.

Chairman

AMC - CITY - BROOKLYN NPS - CAMBRIDGE INSTITUTIONS

I take great pride in introducing AMC-CITY Group of Institutions which has created a strong niche with its long existence of 35 years in the academic domain of Bangalore by sheer hard work, focused attention and dedication in respective disciplines of management, engineering, Science and Hospitality. The quality support of the students, teaching and non-teaching staff, the institution has shown exemplified growth.

Engineers play a most vital and important role in the nation building. They create new investment opportunities using best engineering technologies to make human life more comfortable, secure and productive. The knowledge that students gain will imbibe the technical skills and learning to apply will be the major contributions to parents, to society and to the nation at large.

It gives me great satisfaction that CITY ENGINEERING COLLEGE is progressing in all its endeavors towards the overall development and personality of the budding engineers.

“You don’t have to be great to start, but you have to start to be great”

I wish success to CITY ENGINEERING COLLEGE in all endeavors.

Vice Chairperson's Message

K. Geetha Paramahamsa

BBA.

Vice Chairperson

AMC - CITY Group of Institutions

I take great pride in introducing AMC-CITY Group of Institutions which has created a strong niche with its long existence of 25 years in the academic domain of Bangalore by sheer hard work, focused attention and dedication in respective disciplines of Management, Engineering, Science and Hospitality. The quality support of the students, teaching and non-teaching staff, the institution has shown exemplified growth. The blending and growing together of diverse academic disciplines has provided the students an added advantage of an exposure to the distinct CEC life with freedom of thought and expression to innovate. The competitive outlook and the grass-root connectivity provides the CEC campus a unique position in the world of academia.

The organic growth of City Engineering College has placed multi-dimensional challenges and opportunities to produce professionals who can operate efficiently across the world. With all these challenges and opportunities, City Engineering College is the best choice for the students of learning mind.

The greatest responsibility that has been carried by AMC-CITY Group of Institutions with hope and confidence will deliver the right outcome to students, faculty members, parents and the right portfolio to the National pride.

Vice President's Message

Ms. Monica Kalluri

BBA (Brunel), London.

MBA- South Bank University, London.

Corporate Governance - Harvard University

Vice President

AMC - CITY Group of Institutions

Dreams are not just aspirations; they are blueprints waiting to be brought to life. The journey towards realizing them is a path paved with milestones, each meant to be conquered one step at a time – a testament to the power of slow yet steady progress. It's this unwavering belief that fuels my inspiration to reach greater heights.

In the realm of education, my dedicated team at CCJ comprises passionate educators who spare no effort in shaping a distinctive identity for our institution the years ahead. I firmly believe that, at CCJ, we have the capacity to make a profound impact on students' lives through our commitment to quality and perseverance.

I invite each one of you to join hands in this remarkable journey. Together, let's contribute to the success stories of tomorrow, creating a lasting difference in the lives of our students. The path may be challenging, but with shared dedication, we are poised for success in the years to come.

Executive Vice President's Message

Mr. Rahul Kalluri

B.Engg. - Warwick University - UK.

M.S. Engg. (Robotics) UCL - London.

Entrepreneurial Mgmt. - Stanford University, USA.

Executive Vice President

AMC - CITY Group of Institutions

At City Engineering College, excellence is not just a reputation; it's a legacy we've consistently upheld in Bangalore. As we look ahead, we're not just envisioning greatness for ourselves; we're charting a course to become leaders in the industry very soon.

We acknowledge the responsibilities that come with this vision, and we possess the capabilities to turn it into reality. It's an invitation for each one of you to become an integral part of this transformative journey at our institute. Together, we aim to instill the finest cultural values into the lives of our students, moulding them into responsible citizen poised to contribute significantly to the betterment of our society.

Principal's Message

Dr. Tippeswamy H.N
MTech , Ph.D
Principal
City Engineering College

City Engineering College is one of the premier Educational Institution in the garden city of Bangalore. It was established in the year of 2001 by Dr. K. R. Paramahamsa under Janata Educational Society. City Engineering College, Bangalore affiliated to Visveswaraya Technological University (VTU) is centrally located in Bangalore. The College has expanded over the last 21 years with sophisticated infrastructure as a part of the Institution's commitment to provide higher quality education in the area of Engineering. The highly facilitated landmark building – provides a perfect ambience for creativity and learning. City Engineering College is known for its academic excellence, friendly welcoming atmosphere and community spirit. Over a large number of students study here in a wide range of programs. It is a center of talented, experienced teachers who inspire and energize the students to achieve the best. Stringent Academic Standards, Industry compliant Teaching Methodology, Research Projects from Private and Public Sector Industries in Engineering and Management and Consultancy Practice, enabled the Institute to establish its Identity in the Technical Education in India.

The Practices and the Culture at the Institute has always been to provide Quality Education by enhancing the overall educational experience of Students adopting a wide range of Academic, Practical, Co-Curricular, Extra-Curricular Programs in the State-of- the-Art Facilities, Services and Activities to enable the required exposure to a variety of Social, Cultural, Intellectual, Recreational Opportunities and Challenges. Co-curricular and Extra- Curricular activities are planned and executed through a number of Associations, Clubs, Societies, Students' Chapters of Professional Bodies, with a view to allow the students, the necessary freedom to plan and execute every effort and in the process nurture them to be the future Leaders who learn to address Challenges and carve a path of Success.

Sub: Regarding Permission to conduct Value added course

Respected Sir,

We would like to conduct a Value-Added course on “Innovation Unleashed: A Deep Dive into Creative Mastery and Idea Implementation” for final year students from 13-12-2021 to 17-12-2021. The course empowers students with refined understanding of creativity, a robust toolkit for idea generation, and hands-on experience in developing, testing, and presenting innovative solutions. Armed with newfound skills, they are ready to apply innovative thinking across diverse challenges, fostering a culture of creativity in their personal and professional endeavor’s. So, I request you to permit us to conduct this course. Kindly do the needful.

Mrs. Ambika P R

Mr. Vivekvardhana Reddy
HOD

Department of Computer Science and Engineering

Value Added Course on Innovation Unleashed: A Deep Dive into Creative Mastery and Idea Implementation

Syllabus

Course objectives

The students will be able to:

1. Gain a deep understanding of the principles and distinctions between creativity and innovation.
2. Acquire a diverse set of tools, including brainstorming techniques, mind mapping, and the SCAMPER method, for generating innovative ideas.
3. Understand and apply design thinking principles to enhance the ideation and problem-solving process.
4. Develop effective presentation skills to articulate and communicate ideas clearly and persuasively.
5. Apply acquired skills and knowledge to practical challenges, fostering a culture of innovation in various contexts

Course Content

Module 1: Introduction to Innovative Thinking- Understanding Creativity and Innovation, Historical Perspectives on Innovation, Barriers to Innovative Thinking, Creative Warm-up Exercises

Module 2: Idea Generation Techniques- Brainstorming Techniques, Mind Mapping, SCAMPER Technique, Role of Constraints in Innovation

Module 3: Developing and Refining Ideas- Idea Selection Criteria, Prototyping and Rapid Iteration, Feedback and Iteration, Design Thinking Principles, Team Project Kick-off

Module 4: Implementation and Testing- Project Work, User-Centered Design, MVP Concept, Project Testing and Validation, Reflection and Learning

Module 5: Presentation and Future Application- Final Project Preparation, Presentation Skills, Final Project Presentations, Future Application of Innovative Thinking

Resource Person Profile

Ms. Beena N

Beena N is a highly experienced HR professional with over 18 years of experience in talent acquisition, performance management, learning and development, and other HR operations. She has a diverse skill set, including talent acquisition, attrition management, policies implementation, training and development, resource management, vendor management, employee lifecycle management, performance management, and leave and attendance management. Beena has excelled in various responsibilities such as manpower requirement analysis, HR planning and policy development, goal setting and incentives management, quality audit facilitation, performance assessment, employee engagement, and grievance handling. She has worked in various capacities such as trainer-consultant, HR quality analyst-Recruitment, client manager/trainer-HR, and CSR at different organizations. Beena has received accolades for her performance, including being awarded "Best TL" and "Best employee for adhering to Client TAT." She holds educational qualifications including PGDBA (HR) from Symbiosis University, MS in Counselling & Psychotherapy from Kuvempu University, PG in HR from Bhavans Institute, and B.Sc. from Annamalai University.

Course Outcome

The students will be able to:

1. Gain a deep understanding of the principles and distinctions between creativity and innovation.
2. Acquire a diverse set of tools, including brainstorming techniques, mind mapping, and the SCAMPER method, for generating innovative ideas.
3. Understand and apply design thinking principles to enhance the ideation and problem-solving process.
4. Develop effective presentation skills to articulate and communicate ideas clearly and persuasively.
5. Apply acquired skills and knowledge to practical challenges, fostering a culture of innovation in various contexts

A Report on Value Added Course on Innovation Unleashed: A Deep Dive into Creative Mastery and Idea Implementation

A five days' Value-Added Course on “**Innovation Unleashed: A Deep Dive into Creative Mastery and Idea Implementation**” was successfully conducted in the city engineering college, from 13th to 17th December 2021 by Department of Computer Science and Engineering. The course sessions received an overwhelming response from students' participants.

This course is a dynamic and intensive program designed to enable participants be well-equipped to foster a culture of innovation, generate creative solutions to challenges, and contribute effectively to the development of innovative ideas in diverse professional and personal settings.

Day 1: Introduction to Innovative Thinking

The course commenced with a warm welcome and an insightful overview, setting the stage for a transformative journey into innovative thinking. Participants delved into the fundamental concepts of creativity and innovation, exploring historical perspectives to draw inspiration from notable innovators. The day concluded with engaging activities designed to uncover and overcome barriers to innovative thinking.

FIG 3: RESOURCE PERSON ADDRESSING THE GATHERING

FIG 4: STAKE HOLDERS OF THE SESSION

Day 2: Techniques for Generating Ideas

Participants immersed themselves in a series of dynamic sessions focused on idea generation techniques. From traditional brainstorming to the intricacies of mind mapping and the application of the SCAMPER method, attendees gained a diverse toolkit for sparking creative ideas. A highlight was the guest speaker session, providing real-world insights and inspiring stories of innovation.

Day 3: Developing and Refining Ideas

The focus shifted to the crucial process of developing and refining ideas. Participants learned about the criteria for selecting viable ideas and engaged in hands-on activities such as prototyping and rapid iteration. The incorporation of design thinking principles and the kickoff of team projects added a practical dimension to the learning experience.

Day 4: Implementing and Testing Ideas

Day four was dedicated to the implementation and testing phase. Teams worked collaboratively on their projects, applying user-centered design principles and creating minimum viable products (MVPs). Strategies for testing and validating innovative ideas were explored, with participants gaining valuable insights into the iterative nature of the innovation process.

Day 5: Presentation and Future Application

The final day saw intense preparations for the culmination of the course. Participants honed their presentation skills, ensuring they could effectively communicate their innovative solutions. The highlight of the day was the final project presentations, where teams showcased

CITY
ENGINEERING COLLEGE

their creative endeavor's. The course wrapped up with a reflection on the future application of innovative thinking and the distribution of well-earned certificates.

Throughout the five days, participants were actively engaged in a journey that not only expanded their understanding of innovation but also equipped them with practical skills and a newfound confidence to apply innovative thinking in their professional and personal lives. The course fostered a collaborative and dynamic learning environment, leaving participants inspired and ready to embrace a culture of innovation.

ABOUT COLLEGE

City Engineering College, Bangalore affiliated to Visvesvaraya Technological University (VTU) is centrally located in Bangalore. The College has expanded over the last 19 years with sophisticated infrastructure as a part of the Institution's commitment to provide higher quality education in the area of Engineering. The highly facilitated landmark building - provides a perfect ambience for creativity and learning. City Engineering College is known for its academic excellence, friendly welcoming atmosphere and community spirit. Over large number of full time students study here in a wide range of programs. It is a centre of talented, experienced teachers who inspire and energize the students to achieve the best.

About The Department

The Department of Computer Science & Engineering was started in the year 2001 is known for imparting Quality education and carrying out cutting edge research. In addition to the UG program, PG CSE program and Research facilities for Ph.D. The department offers undergraduate program and has a comprehensive curriculum on topics related to software and hardware with an emphasis on theoretical and practical learning. It has well equipped, state of the art laboratories supported by highspeed Internet and wireless networks.

About the Course

"Innovation Unleashed: A Deep Dive into Creative Mastery and Idea Implementation" is a course designed to explore the principles and practices of creativity and innovation, helping participants transform their ideas into actionable and impactful solutions. The course caters to individuals looking to enhance their creative thinking skills and effectively implement innovative ideas in various contexts, whether in business, technology, or personal projects.

Course Outcomes

1. Gain a deep understanding of the principles and distinctions between creativity and innovation.
2. Acquire a diverse set of tools, including brainstorming techniques, mind mapping, and the SCAMPER method, for generating innovative ideas.
3. Understand and apply design thinking principles to enhance the ideation and problem-solving process.
4. Develop effective presentation skills to articulate and communicate ideas clearly and persuasively.
5. Apply acquired skills and knowledge to practical challenges, fostering a culture of innovation in various contexts

About Resource Person

Beena N is a highly experienced HR professional with over 18 years of experience in talent acquisition, performance management, learning and development, and other HR operations. She has a diverse skill set, including talent acquisition, attrition management, policies implementation, training and development, resource management, vendor management, employee lifecycle management, performance management, and leave and attendance management. Beena has excelled in various responsibilities such as manpower requirement analysis, HR planning and policy development, goal setting and incentives management, quality audit facilitation, performance assessment, employee engagement, and grievance handling. She has worked in various capacities such as trainer-consultant, HR quality analyst-Recruitment, client manager/trainer-HR, and CSR at different organizations.

**REPORT ON INTERNATIONAL DAY OF YOGA CONDUCTED BY
NSS Cell**

**Yoga day was celebrated by the students and the teachers of City
Engineering College on 21st June 2021 with great enthusiasm.**

Introduction:

International Yoga Day is celebrated annually on June 21st. It was established by the United Nations General Assembly in 2014, recognizing the universal appeal of yoga. This day is dedicated to raising awareness about the numerous benefits of practicing yoga, which include improved physical and mental well-being.

Objectives

- To raise awareness about the benefits of yoga.
- To encourage students and faculty to incorporate yoga into their daily routines.
- To foster a sense of community and well-being within the college.

Importance of Yoga

Yoga is an ancient practice with origins in India that combines physical postures, breathing exercises, and meditation. Over the centuries, yoga has evolved into various styles and has been widely adopted worldwide. Its importance lies in its holistic approach to health and well-being, encompassing physical, mental, and spiritual dimensions.

Physical Benefits

1. Improved Flexibility: Regular practice of yoga enhances flexibility by stretching muscles and joints, which can prevent injuries and improve overall physical performance.
2. Increased Strength: Many yoga poses build muscle strength and endurance, which can enhance physical capabilities and reduce the risk of conditions like arthritis.
3. Better Posture: Yoga promotes awareness of body alignment and muscle engagement, leading to improved posture and reduced back and neck pain.
4. Enhanced Balance: Balancing poses help improve stability and coordination, which is particularly beneficial for older adults in preventing falls.
5. Cardiovascular Health: Certain types of yoga, such as Vinyasa and Ashtanga, provide a cardiovascular workout, improving heart health and circulation.

Mental Benefits

1. **Stress Reduction:** Yoga's focus on breath control and meditation helps lower cortisol levels, reducing stress and promoting relaxation.
2. **Improved Focus and Concentration:** Mindfulness practices in yoga enhance cognitive functions, leading to better focus, memory, and concentration.
3. **Emotional Stability:** Regular yoga practice helps in regulating emotions and a positive outlook, reducing anxiety and depression symptoms.
4. **Better Sleep:** Yoga can improve sleep quality by promoting relaxation and reducing stress, leading to better overall rest and recovery.

Spiritual Benefits

1. **Self-awareness:** Yoga encourages self-reflection and mindfulness, fostering a deeper understanding of oneself and one's place in the world.
2. **Inner Peace:** Meditation and breath control practices in yoga help cultivate a sense of inner peace and contentment.
3. **Connection to a Higher Purpose:** For many, yoga provides a spiritual path that enhances their sense of purpose and connection to the universe or a higher power.

Social Benefits

1. **Community Building:** Yoga classes and workshops bring people together, creating a sense of community and belonging.
2. **Inclusive Practice:** Yoga is accessible to people of all ages and fitness levels, promoting inclusivity and diversity.

Snapshots:

FIG 1: Participation of students in Yoga Day

Fig 2: Demonstration of Yoga Posture

Outcomes and Impact

- **Increased Awareness:** The event significantly raised awareness about the benefits of yoga among the college community.
- **Enhanced Well-being:** Participants reported feeling more relaxed and energized after the yoga sessions.
- **Community Building:** The event fostered a sense of community and togetherness, with participants from various departments and backgrounds coming together.
- **Continued Engagement:** The success of the event led to the formation of a regular yoga club and plans for monthly yoga sessions on campus.

Conclusion

International Yoga Day at City Engineering collage was a resounding success, achieving its objectives of promoting physical and mental well-being through yoga. The event not only educated participants about the benefits of yoga but also encouraged them to make it a part of their daily lives. The Health and Wellness Com ittee, along with the Student Council, plans to build on this success by organizing more such events in the future, contributing to a healthier and more connected college community.

A Report on: "Kickstart Your German: An Engaging Language Seminar"

Introduction

"Kickstart Your German: An Engaging Language Seminar" is designed to provide a dynamic and interactive introduction to the German language. This seminar aims to spark interest and build a solid foundation for participants who are new to German or looking to refresh their skills. By focusing on essential language skills and cultural insights, the seminar will help participants navigate the basics of German and gain confidence in using the language in everyday situations.

Objective

The primary objective of the seminar is to equip participants with the foundational skills necessary for effective communication in German. This includes introducing core vocabulary, basic grammar structures, and essential phrases for everyday interactions.

Additionally, the seminar aims to foster an appreciation for German culture, enhancing participants' understanding and engagement with the language. By the end of the session, participants should be able to handle simple conversations and comprehend basic written texts.

Methodology

The seminar employs an interactive and participant-centered methodology to facilitate learning. It begins with a series of engaging presentations that cover key vocabulary and grammar concepts, supported by multimedia resources such as videos and audio recordings. Participants will engage in hands-on activities, including role-plays, group discussions, and language games, to practice their new skills in a supportive environment. Real-life scenarios and cultural elements will be incorporated to provide contextual understanding and relevance. Regular feedback and interactive exercises will ensure that participants can apply what they've learned effectively.

CITY
ENGINEERING COLLEGE

Outcome

By the end of "Kickstart Your German," participants will have gained a fundamental understanding of the German language and be able to communicate in simple, everyday situations. They will have developed basic proficiency in speaking, listening, reading, and writing, laying the groundwork for further language study. Additionally, participants will leave with an enhanced appreciation of German culture, which will enrich their learning experience and motivate continued exploration of the language. Overall, the seminar aims to provide a strong start for anyone looking to embark on their journey to mastering German.

Agenda of the Meeting:

- Inauguration program for 1st semester students on 21st December 2021.
- Commencement of orientation Program from 22nd December 2021.
- Conduction of Talents Day on 27th December 2021.
- Classes for 1st semester students will be from 4th January 2022.
- Organizing value added courses/ certificate courses in the curriculum like Entrepreneurship and innovation.
- Organizing seminars and webinars.

CITY
ENGINEERING COLLEGE

Minutes of Meeting:

The members discussed suggestions for improvement and reviewed the meeting agenda.

- The committee decided to organize value added course on Entrepreneurship and innovation.
- It was discussed to conduct Talents day on 27th December 2021.
- Committee decided to conduct webinar on Introduction to Research Methodology.
- Committee members agreed in conducting a seminar on career guidance --Navigating Your Future.

37th Governing Council Meeting 2021-2022

AGENDA

SL No.	Subject Particulars
01/21	Confirmation of Minutes of last Governing Council Meeting held on 06.12.2019
2/21	Information: LIC Inspection observation dated 30-06-2020 / 14-12-2020
3/21	Result Analysis and Total fresh Admission to BE Course
4/21	Adopting Marketing Strategy to improve the admissions
5/21	Improve the quality of education & improving Placement activities
6/21	Renewal of Affiliation with VTU and AICTE approval for the year 2021-2022
7/21	Seat Matrix realignment within the sanctioned Intake
8/21	Budget Estimation and Audited Balance Sheet as at 31.03.2020 & 31.03.2021
9/21	Conducted University Examination strictly following prescribed SOP, even two students written University Examination as per the special instructions of SOP procedure received from VTU.
10/21	Conduction of online classes & periodical Internal Assessment Tests promptly as per the instructions of University. Student Induction Program held between 12 th to 15 th May, 2021 and reported to VTU.
11/21	Ratification-Academic: Purchase made during the year including Computers & its peripherals, Library books, Software, Maintenance Free Batteries.
12/21	Soft Skill Training Program for 7 th Semester conducted by M/s. Seventh Sense Solutions.
13/21	Appointment of new faculty members as fresh additional faculty and recruitment in place of vacancies arises out of faculties who have resigned.
14/21	Seeking approval/permission from VTU/AICTE for interchanging the seat matrix within the sanctioned intake. AICTE & VTU approvals are under process & scrutiny.
15/21	Ratification Civil Works: Completion of sliding glass work for the administration block for students' convenience and comfort altogether costing Rs. 8 lakhs.
16/21	Completion of tubular partition work at CS department.
17/21	Approval: To complete the remaining pending civil works inclusive of establishing a fully furnished Chairman's room with modern amenities and facilities.
18/21	Repairing work of rooftop of Auditorium.
19/21	Construction of Compound wall or fencing for the South entry of College covering entire play ground for the safety of students.

MINUTES OF THE 37th G.C.MEETING held on 18.06.2021 at 11.30 a.m.

37th Governing Council meeting was started by the Member Secretary Dr.V.S.Ramamurthy, Principal, by inviting Hon. Chairman Dr.K.R.Paramahansa and the members present . The quorum for the meeting existed and the meeting proceeded with the detailed discussion on the Agenda.

Agenda No.1/21: The minutes of the last Governing Council meeting was read out and the compliance made was confirmed to the Committee.

Agenda No.2/21: LIC Inspection observation dated 30.06.2020 (received by us on 14.12.2020) presented to the Committee and detailed discussion held on the same. Committee expressed its satisfaction for the compliance.

Agenda No.3/21: Result Analysis& fresh admissions. The result analysis presented by the Principal and Committee suggested to improve the same including fresh admissions. The Principal assured to improve both the parameters.

Agenda No. 4/21 & 5/21: The Committee suggested several strategies and to improve the quality & placement activities.

Agenda No.6/21 & 7/21: Renewal of VTU & AICTE affiliation, Seat matrix realignment: Principal presented to the Committee that there is less demand for traditional engineering and demand for Computer technology and its emerging areas. As such, realignment in seat matrix applied for the authorities to consider the same.

Agenda No.8/21: Budget Estimation & financial statements: The detailed allocation and financial status were presented by the Principal, which is accepted by the Committee.

Agenda No.9/21: Conduction of University examination under Covid-19: Principal explained the SOP followed by the College while conducting examination under special circumstances and committee expressed its satisfaction in this regard.

Agenda No.10/21: Conduction of ONLINE classes & Student Induction program: The Principal presented the details in this regard complying University rules and instruction.

Principal
City Engineering College,
Bangalore-560 061

Agenda No.11/21: The purchase committee proceedings and observations presented for ratification and the same is approved by the committee for the purchases made for the year.

Agenda No.12//21: The expenditure made for Soft Skill Training by M/s. Seventh Sense Talent Solutions is ratified.

Agenda No.13/21: Appointment of new faculty made against vacant positions has been ratified.

Agenda No.14/21: Seeking permission from VTU/AICTE for interchanging the seat matrix has been ratified.

Agenda No.15/21 & 16/21: The Committee ratified the work cost incurred in connection with installing sliding glass to Admn. Block and tubular partition work at C.S. Block.

Agenda No.17/21, 18/21 19/21: The Committee made approval for the remaining civil works to be executed, to improve the Infrastructure of the College.

Certified Copy of the Resolution passed by the Governing Council of City Engineering College, Doddakallasandra, Kanakapura Road, Bangalore held on 18th June, 2021.

PROPOSAL:

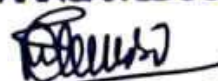

1. Approval for interchanging the Seat Matrix for the academic year 2021-2022 within the limit of already sanctioned Intake by transferring 60 seats to AI & ML, 30 seats to I.S.E. branch of Engineering. The latest seat matrix of C.S.E.180, AI & ML 60, I.S.E. 30, E & C 60, M.E.60, Civil 60 seats applied to AICTE & VTU, which is under process and scrutiny.
2. Approval of appointments in place of vacancies arises out of faculty members who have resigned/fresh recruitments.
3. Approval for purchase made during the year including Computers & its peripherals, library books, soft wares, Maintenance free batteries.
4. Approval of payment made for Soft Skill Development Training program conducted for final year students by M/s. Seventh Sense Solutions Pvt. Ltd.
5. Approval for Civil works completion of sliding glass work for the Admn. Block Class rooms, tubular partition work at C.S. Department.
6. Approval to complete remaining civil works connected with the establishment of fully furnished Chairman's room, repairing work of auditorium rooftop, compound wall to playground area.
7. Approval to form a group of Doctorates to explore research and consultancy.

RESOLUTION:

Resolved in the meeting held on 21.08.2021:

1. It was resolved that "Admission" to various courses to be made realigned within the overall sanctioned Intake be approved subject to terms and conditions of AICTE, VTU & Government.
2. It was resolved that the fresh appointments made in place of resigned faculty members and fresh appointments were approved on verification of qualification, experience, communication skills ensuring quality education.
3. It was resolved that the purchases were made of Computer & its peripherals, library books, soft wares, Maintenance Free Batteries be approved.
4. It was resolved that the Soft Skill Training Program and payment made to M/s. Seventh Sense Solutions Pvt. Ltd. for final year B.E. students during the year be approved.
5. It was resolved to approve the civil works of Sliding glass installation and tubular partition work be approved.
6. It was resolved to approve the completion of pending civil works in connection with the development of infrastructure, i.e. establishing full pledged Chairman's room, construction of compound wall to playground area and repairing of Auditorium rooftop.
7. It was resolved in the meeting that a group of all Doctorates of City engineering College to be established to explore research and consultancy be approved.

38th Governing Council Meeting 2021-2022

AGENDA

SL No.	Subject Particulars
01/21	Confirmation of Minutes of last Governing Council Meeting held on 18.06.2021
	Information:
2/21	Last LIC Inspection observation & compliance
3/21	Result Analysis and Total fresh Admission to BE Course
4/21	Adopting Marketing Strategy to improve the admissions
5/21	Improve the quality of education & improving Placement activities
6/21	Renewal of Affiliation with VTU and AICTU approval for the year 2021-2022
7/21	Seat Matrix realignment within the sanctioned total Intake
8/21	Budget Estimation and Audited Balance Sheet as at 2022-23 & 31.03.2021
9/21	Conduction of University Examination strictly following prescribed SOP. Conduction of online classes & periodical Internal Assessment Tests promptly as per the instructions of University.
10/21	Student Induction Program held between 2 nd & 3 rd week of December, 2021 as per VTU guidelines.
	Ratification-Academic:
11/21	Purchase made during the year including Computers & its peripherals, Library books, Software, Maintenance Free Batteries, etc.
12/21	Soft Skill Training Program for 7 th Semester conducted by M/s. Seventh Sense Solutions for the year 2021-2022.
13/21	Appointment of Principal in place of resigned Principal, new faculty members as fresh additional faculty and recruitment in place of vacancies arises out of faculties who have resigned.
14/21	Seeking approval/permission from VTU/AICTE for interchanging the seat matrix within the sanctioned intake. AICTE & VTU approvals are under process & scrutiny.
	Ratification Civil Works:
15/21	Improvement of Playground.
16/21	Improvement in Infrastructure
	Approval:
17/21	To complete the remaining pending civil works inclusive of establishing a fully furnished Chairman's room with modern amenities and facilities.
18/21	Repairing work of rooftop of Auditorium.
19/21	Construction of Compound wall or fencing for the South entry of College covering entire play ground for the safety of students.

MINUTES OF THE 38th G.C.MEETING held on 23.12.2021 at 11.30 a.m.

38th Governing Council meeting was started by the Member Secretary Dr.H.N.Thippeswamy, Principal, by inviting Hon. Chairman Dr.K.R.Paramahamsa and the members present. The quorum for the meeting existed and the meeting proceeded with the detailed discussion on the Agenda.

Agenda No.1/21: The minutes of the last Governing Council meeting was read out and the compliance made was confirmed to the Committee.

Agenda No.2/21: LIC Inspection observation dated 30.06.2020 (received by us on 14.12.2020) presented to the Committee and detailed discussion held on the same. Committee expressed its satisfaction for the compliance.

Agenda No.3/21: Result Analysis & fresh admissions. The result analysis presented by the Principal and Committee suggested to improve the same including fresh admissions. The Principal assured to improve both the parameters.

Agenda No. 4/21 & 5/21: The Committee suggested several strategies and to improve the quality & placement activities.

Agenda No.6/21 & 7/21: Renewal of VTU & AICTE affiliation, Seat matrix realignment: Principal presented to the Committee that there is less demand for traditional engineering and demand for Computer technology and its emerging areas. As such, realignment in seat matrix applied for the authorities to consider the same.

Agenda No.8/21: Budget Estimation & financial statements: The detailed allocation and financial status were presented by the Principal, which is accepted by the Committee.

Agenda No.9/21: Conduction of University examination under Covid-19: Principal explained the SOP followed by the College while conducting examination & classes under special circumstances and committee expressed its satisfaction in this regard. Conduction of ONLINE classes & Student Induction program: The Principal presented the details in this regard complying University rules and instruction.

Agenda No.10/21: Fresh batch of engineering students' induction program held during 2nd & 3rd week of December, 2021 since the admission process by the authorities commenced very late during the academic year.

Agenda No.11/21: It is proposed to have ISO Certification & Green Energy Audit for the year 2022.

Principal

Agenda No.12/21: The purchase committee proceedings and observations presented for ratification and the same is approved by the committee for the purchases made for the year.

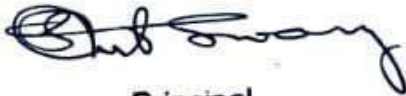

Agenda No.13//21: The expenditure made for Soft Skill Training by M/s. Seventh Sense Talent Solutions is ratified.

Agenda No.14/21: Dr. H.N.Thippeswamy, existing Civil Department HOD has been promoted and appointed as Principal of the College on 19.06.2021 in place of resigned Principal Dr.V.S.Ramamurthy. Appointment of new faculty made against vacant positions has been ratified.

Agenda No.15/21: Seeking permission from VTU/AICTE for interchanging the seat matrix has been ratified.

Agenda No.16/21 & 17/21: The Committee ratified the work cost incurred in connection with installing sliding glass to Admn. Block and tubular partition work at C.S. Block. The committee also considered improvement of playground and other infrastructure activities in the campus.

Agenda No.18/21, 19/21, 20/21: The Committee made approval for the remaining civil works to be executed, to improve the Infrastructure of the College.

PROPOSAL:

1. Approval for interchanging the Seat Matrix for the academic year 2021-2022 within the limit of already sanctioned Intake by transferring 30 seats of Civil Department to I.S.E. branch of Engineering, raising it to 60 seats from 30. The latest seat matrix will be: C.S.E.180, AI & ML 60, I.S.E. 60, E & C 60, M.E.60, Civil 30 seats being proposed to AICTE & VTU.
2. Approval of appointment by promoting Dr.H.N.Thippeswamy,(from the post of HOD Civil Department) as Principal in place of resigned Dr.V.S. Ramamurthy. Approval of the appointment of faculty and staff members in place of vacancies arises out of faculty members & staff who have resigned/fresh recruitments.
3. Approval for purchase made during the year including Computers & its peripherals, library books, software(including renewal of licence), Maintenance free batteries, etc.
4. Approval of payment made for Soft Skill Development Training program conducted for final year students by M/s. Seventh Sense Solutions Pvt. Ltd.
5. Approval for Civil works completion of sliding glass work for the Admn. Block Class rooms, tubular partition work at C.S. Department.
6. Approval to complete remaining civil works connected with the establishment of fully furnished Chairman's room, repairing work of auditorium rooftop, compound wall to playground area.
7. Approval to form a group of Doctorates to explore research and consultancy.
8. Approval to have ISO Certification and Green Energy Certification for the year 2022.

RESOLUTION:

Resolved in the meeting held on 23.12.2021:

1. It was resolved that "Admission" to various courses to be made realigned within the overall sanctioned Intake be approved subject to terms and conditions of AICTE , VTU & Government.
2. It was resolved to appoint and promote existing faculty & Civil Department HOD Dr.H.N.Thippeswamy as Principal in place of resigned Principal Dr.V.S.Ramamurthy. It was resolved that the fresh appointments made in place of resigned faculty members and fresh appointments were approved on verification of qualification, experience, communication skills ensuring quality education.
3. It was resolved that the purchases were made of Computer & its peripherals , library books, soft wares, Maintenance Free Batteries be approved.
4. It was resolved that the Soft Skill Training Program and payment made to M/s. Seventh Sense Solutions Pvt.Ltd. for final year B.E. students during the year be approved.
5. It was resolved to approve the civil works of Sliding glass installation and tubular partition work be approved.
6. It was resolved to approve the completion of pending civil works in connection with the development of infrastructure, i.e. establishing full pledged Chairman's room, construction of compound wall to playground area and repairing of Auditorium rooftop.
7. It was resolved in the meeting that a group of all Doctorates of City engineering College to be established to explore research and consultancy be approved.
8. It was resolved to implement ISO guidelines and to have ISO Certification & Green Energy Certification.

The Department Advisory Committee meeting was conducted at Department of CSE, on 25th September 2021, at 03:30 PM.

Agenda of the Meeting:

- Discussion on New Education Policy (NEP 2020)
- Conducting Add-on Course and soft skill training
- Faculty development program
- Conducting coding, debugging events

Minutes of Meeting:

In the Department Advisory Committee meeting, an overview of the department was presented, emphasizing student achievements, result analysis, and faculty accomplishments. The members discussed various suggestions for improvement and reviewed the meeting agenda.

The Committee proposed the following items for inclusion in the agenda:

- The HOD briefed the team about the new education policy, emphasizing the importance of faculty awareness regarding upcoming government initiatives under the NEP. Consequently, it was decided to organize a Faculty Development Program focused on the new education policy.
- A recommendation was made to introduce a certificate course in Ethical Hacking, which aims to not only enhance students' programming skills but also deepen their understanding of this advanced subject. Additionally, the need for soft skills development was discussed.
- The HOD also proposed a 9-day coding and debugging event to further engage students in practical learning.
- During the meeting, it was agreed that a group of faculty members would prepare MCQs for various programming languages, which would then be shared with students to improve their programming proficiency.

The Department Advisory Committee meeting was conducted at Department of CSE, on 26th March 2022, at 03:30 PM.

Agenda of the Meeting:

- Conducting Certification courses
- Organizing workshop for final year
- Conduction of Project Exhibition
- Faculty development program
- Conduction of guest lectures/ workshops

Minutes of Meeting:

In the Department Advisory Committee meeting, an overview of the department was presented, emphasizing student achievements, result analysis, and faculty accomplishments. The members discussed various suggestions for improvement and reviewed the meeting agenda.

The Committee proposed the following items for inclusion in the agenda:

- A certificate course on Blockchain has been recommended, aiming to not only enhance programming skills but also to deepen students' understanding of this advanced concept.
- A workshop on Drone Technology has been planned specifically for final-year students.
- Second-year students are encouraged to participate in technical activities and to attend guest lectures or seminars to broaden their knowledge.
- A project exhibition has been proposed, offering final-year students a platform to showcase their work.
- Dr. Y S Kumaraswamy proposed a faculty development program, where professors and faculty members engaged in research can present their topics.
- To keep students and faculty updated with current technologies, the committee suggested organizing workshops, guest lectures, and hands-on sessions.

Mr. Vivekavardhana Reddy
