Independent Auditors' Report

To

The Principal
City Engineering College
Vasanthapura, Doddakalasandra
Bangalore

Opinion

I have audited the accompanying financial statements of **City Engineering College, Bangalore (A unit of Jayanagar Education Society)**, which comprise the balance sheet as at 31st March 2023 and the Income and Expenditure Account for the year then ended, and a summary of significant accounting policies and other explanatory information.

In my opinion and to the best of my information and according to the explanations given to me, the aforesaid financial statements give the information required by the Karnataka Societies Registration Act, 1960, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Society as at March 31, 2023 and its excess of Income over expenditure for the year ended on that date.

Basis of Opinion

I conducted my audit in accordance with the Standards on Auditing (SAs) issued by ICAI. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the Institution in accordance with the Code of Ethics issued by ICAI and I have fulfilled my other ethical responsibilities in accordance with the Code of Ethics. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation of these financial statements that give a true and fair view of the state of affairs and results of operations of the Institution in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

RAJKISHOR PRASAD

CHARTERED ACCOUNTANTS

In preparing the financial statements, management is responsible for assessing the Institution's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Institution or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Institution's financial reporting process

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Society's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion on the financial statements

CITY ENGINEERING COLLEGE

Approved by AICTE New Delhi & Affiliated by VTU, Belagavi

Accredited by NAAC with B+ grade

Doddakallasandra, Off Kanakapura Main Road,

Next to Gokulam Apartment, Bangalore - 560 062

A) Introduction

E-Governance refers to the application of information and communication technologies (ICT) to manage and streamline administrative and academic processes within educational institutions. It encompasses various digital tools and platforms to facilitate efficient communication, enhance transparency, and improve service delivery to students, faculty, and administrative staff.

It aims to create a digitally-enabled environment that simplifies and optimizes various functions and services. This includes managing student admissions, maintaining academic records, facilitating online learning, and ensuring seamless communication between stakeholders. The goal is to enhance the overall educational experience by leveraging technology for better governance and administration.

B) Key Objectives:

Enhanced Efficiency: Streamlining administrative processes such as admissions, fee payment, course registration, and examination management to reduce delays and improve turnaround times.

Transparency: Ensuring transparency in decision-making processes by providing stakeholders (students, faculty, staff, and parents) easy access to information related to policies, procedures, academic schedules, and results.

Improved Service Delivery: Providing better services to students and staff through online portals for grievance redressal, feedback mechanisms, and support services, thereby enhancing satisfaction levels.

Cost Reduction: Minimizing administrative costs by reducing paperwork, manual data entry, and streamlining resource allocation through digital platforms.

Data Security and Privacy: Ensuring the security and privacy of student and institutional data through robust IT infrastructure, data encryption, and compliance with data protection regulations.

Effective Decision Making: Facilitating data-driven decision-making through real-time analytics and reporting tools that provide insights into academic performance, resource utilization, and institutional trends.

Stakeholder Engagement: Increasing engagement among stakeholders (students, faculty, alumni, industry partners) through interactive platforms for communication, collaboration, and knowledge sharing.

Academic Excellence: Supporting academic activities such as online learning platforms, digital libraries, and virtual classrooms to enhance teaching and learning experiences.

Sustainability: Promoting environmental sustainability by reducing paper usage and adopting digital workflows for administrative processes.

Compliance and Accountability: Ensuring compliance with regulatory requirements and institutional policies while enhancing accountability through audit trails and digital signatures.

Implementing these objectives requires a strategic approach, strong leadership commitment, adequate training for stakeholders, and continuous evaluation and improvement of e- governance initiatives.

C) Features

1) Administration

- Creation of Departments, Courses and Branches.
- User Levels with Access Rights on modules.
- Mapping Users to User Levels.
- Backup and Restore Data.
- Track staff Logins and Resetting Passwords.
- Complaints/Suggestions Received from Students/Staff
- Setting Academic Calendar.
- Posting News/Events for notice by Users.
- Uploading Students Data to College Website.
- Maintaining College Diary.
- Device IDs to students for capturing attendance.
- Data Backup & Restore.

2) Academics

- Attendance & Marks Entry by Faculty.
- Students' Attendance Analysis.
- Student's Complete Profile in one single screen.
- Analysis of Teaching Plan and Topics Covered.
- Upload of Resources like notes etc for students.
- Integration with Attendance Capturing devices.
- Messages/Assignments by Faculty to Students
- Students Feedback Against Faculty.
- Attendance Shortage Notices to Parents.
- Time Table & Faculty Teaching Assignments.
- Academic Projects.
- Faculty Academic Register
- Faculty Workload

- Faculty Adjustments
- Circulars
- Disciplinary Actions.
- Faculty Performance.
- Certificates
- Extra Classes
- Students Promotion & Detention.

3) Admissions

- Import of Students data from Excel Sheet.
- Admission Register
- Castes & Sub Castes.
- Tracks Certificates to be Submitted by Students.
- Generates 10 digit Roll Numbers for Students.
- Division of Students into Sections.
- Reports.

4) Examinations

- Seating Arrangement for External Exams.
- Entry/Upload of External/Internal Exams Marks.
- External/Internal Marks Analysis & Reports.
- Progress Reports & Attendance Reminders.
- Supplementary & Detained Students.
- Invigilation Charges for Staff.
- Report

5) Correspondance

- Labs Experiments
- Equipment & Consumables
- Indents to Central Stores
- Issues within Department
- Purchases & Receipts
- Stocks
- Reports

6) Staff

- Messages among Staff Members.
- Groups & Members.
- SMS to Parents, Staff & Students.
- Marks/Attendance & Fee Dues through SMS to Parents.
- Printing Parents Addresses.
- Correspondence Via Email/Letters with Parents.
- Bulk SMS to Parents/Students during Admissions.

7) Students

- Access to Attendance, Marks & Fee Data of Self.
- Posting Feedback Against Faculty.
- Search for Books in Library & Book Reservations.
- Access to Resources like Notes, E-Books etc.
- Access to Personal Messages from HOD/Faculty.
- Access to Circulars.
- Access to Alumni Data.

Yours faithfully
