## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MoU") is entered into as of 13-12-2022 (the "Execution Date") by and between, City Engineering College (hereinafter referred to City Engineering College

AND

Gong Labs Private Limited ( PAN: AAJCG4095K and CIN: U72900HR2021PTC099211), a private limited company incorporated under the Companies Act, 1956, engaged in providing employment assistance & vocational training to students, having its registered office at D-201, Palm Springs, Sector 54, Gurgaon, Haryana -122002 (hereinafter referred to as "Coffeee.io", which expression shall unless repugnant to the context or meaning thereto shall mean and include its successors and permitted assigns) represented herein by its Director, Mr. Amit Veer.

Parties

WHEREAS:

A. Coffeee.io will provide an opportunity to the students to assess themselves for employability and subsequently be shortlisted by participating companies and get hired.

B. Pursuant to the foregoing, the Parties have agreed to enter into this MoU to set forth the terms and conditions of their arrangement in the following sections.

As a part of this MoU, both the parties have identified and hereto agree to the following responsibilities respectively:

### 1. RESPONSIBILITIES

#### 1.1 Responsibilities of Coffeee.io

A. Coffeee.io, with the help of City Engineering College will offer all the students to onboard themselves on the platform Coffeee.io, create a profile. The candidates will be required to share their email addresses and details of their educational qualifications, previous employments (if any) and all necessary details that may improve their chances of getting an employment.

B. There will be no financial implications involved between Coffeee.io and students during the "Term" (defined hereafter) of this MoU, the end-users will get the following benefits upon enrolling on Coffeee.io:

- Online self-assessments in various subjects which will enable the students to showcase their proficiency to the hiring companies across the country
- Opportunity to get a job and internships after undergoing the self-assessments if they fit into the criteria of the hiring companies and are able to successfully clear all the stages of hiring as defined by the hiring companies
- Educational content on Coffeee.io helping the students to further sharpen their skills, including learning videos, practise modules, live sessions by industry experts, live training by renowned educators and regular doubt clearing sessions
- Ability to engage with and learn from similar candidates and experienced industry leaders on Coffeee.io

*S. Karan*

PRINCIPAL

CITY ENGINEERING COLLEGE

Kanakapura Main Road, BANGALORE - 560 061

1.2 Responsibilities of City Engineering College

- A. To spread the awareness about the benefits of Coffeee.io among college students through all means possible in the capacity of college management like Issuing Notice, email, SMS, WhatsApp, Facebook, LinkedIn, etc
- B. To help Coffeee.io in promoting various Live Sessions, Skills Bootcamps, Aptitude Tests, etc among college students through all means possible so that a maximum number of students can be benefitted.
- C. Providing Coffeee.io a database of interested students on campus so that Coffeee.io can communicate with them effectively and continue to inform them about the benefits of the platform
- D. To ensure min 75% of students enrol on the platform and take Coffeee assessment

2. Other provisions:

A. This MoU shall be valid for an initial period of 1 (one) year from the Execution Date ("Term") unless terminated earlier by Parties.

B. Coffeee.io shall keep all the data collected from the students confidential and shall NOT share/disclose to anyone in any form whatsoever without prior written permission from the students. Coffeee.io also agrees that the data collected shall be used for the purpose envisaged in this MoU and not for any other purpose.

AGREED AND ACCEPTED:

### **Objectives:**

The objective is to help recruiters make quick and bias-free decisions, in a cost-effective and efficient manner by bringing all recruitment related functions in one place. The startup also aims to create a community for job seekers and developers to collaborate, learn and grow, and find the right job.

### **Key Highlights of the Session:**

1. **Comprehensive Training Modules:** The bootcamp offers targeted training modules that help participants develop specific skills required for tech roles. This includes technical assessments, mock interviews, and live coding sessions to ensure candidates are well-prepared for real-world interviews.
2. **AI-Enabled Assessments:** Coffeee.io uses AI to create customized assessments for candidates. These assessments are designed to evaluate over 100 different skills, ensuring a thorough evaluation of each participant's abilities.
3. **Bias-Free Recruitment:** The platform emphasizes a merit-based, unbiased recruitment process. This is achieved through AI-driven pre-screening tests, which eliminate biases related to geography or educational background.
4. **Large Network and Community:** Coffeee.io has built a large network that includes over 700 colleges and 45,000 students. This extensive community provides ample opportunities for participants to connect with potential employers.
5. **Support for Underrepresented Regions:** The bootcamp is accessible to students from Tier II, III, and IV cities, ensuring that talented individuals from all parts of India have the opportunity to succeed.
6. **Cost Efficiency for Recruiters:** The platform reduces recruitment costs for companies by offering a single platform for screening, evaluation, and interviewing candidates, charging significantly less than traditional recruitment methods.
7. **Live Coding Interviews:** The bootcamp includes live coding interviews where candidates can demonstrate their skills in real-time, providing recruiters with a clear understanding of their capabilities.

**CITY**  
ENGINEERING COLLEGE

Coffee.io aims to bridge the gap between fresh talent and recruiters, making the hiring process more efficient and effective for both parties

The "Boot Camp on Coffee.io" by M/s Gong Labs Pvt Ltd was instrumental in equipping students with practical skills and confidence essential for success in industries. With a strong foundation established in fundamental concepts and hands-on experience with tools, participants are well-prepared to embark on their professional journeys in coffee.io.

## MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (herein after called as the 'MOU') is entered into on this the 30<sup>th</sup> day of November month 2022 (Date 30-11-2022), by and between ExcelR Solutions, (herein after referred as 'First Party')

And

**City Engineering College**  
(herein after referred to as "Second Party",  
(First Party and Second Party are here in after jointly referred to as 'Parties' and individually as 'Party')

### WHEREAS:

1. First Party is a EdTech company: ExcelR Solutions
2. First Party & Second Party believe that collaboration and cooperation between themselves will promote more effective use of each of their resources and provide each of them with enhanced opportunities.
3. The Parties intend to cooperate and focus their efforts on cooperation within the area of Skill Based Training, Education and Research.
4. Both Parties, being legal entities in themselves desire to sign this MOU for advancing their mutual interests.

**NOW, THEREFORE, IN CONSIDERATION OF THE MUTUAL  
PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO  
AGREE AS FOLLOWS:**

**CLAUSE 1: CO-OPERATION**

5. Both Parties are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings.
6. First Party and Second Party co-operation will facilitate effective utilization of the intellectual capabilities of the faculty of First Party providing significant inputs to the second party in developing suitable teaching / training systems, keeping in mind the needs of the industry, the Second Party.
7. The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as promptly as is reasonably practical, enter into all relevant agreements, deeds and documents (the 'Definitive Documents') as may be required to give effect to the actions contemplated in terms of this MOU. The term of Definitive Documents shall be mutually decided between the Parties. Along with the Definitive Documents, this MOU shall represent the entire understanding as to the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.
8. ExcelR would be the training delivery partner for the second party on various trending technologies
9. Training & Development and dissemination of knowledge for students of second party & affiliated colleges and employees of both the organizations.
10. ExcelR would work with incubation centers/ innovation cells of second party(Case to case basis), to formulate the business cases and data collection process from various industry and academic bodies that are associated with the second party
11. Cooperation between both parties would be extended to any other area which may be mutually beneficial to both organizations.

**CLAUSE 2: SCOPE OF THE MoU**

12. The budding graduates from the institutions could play a key role in the technological up-gradation, innovation, and competitiveness of an industry. Both parties believe that close co-operation between the two would be of major benefit to the student community to enhance their skills and knowledge.
13. Curriculum Design: First Party will give valuable input to the Second Party in teaching/training methodology and suitably customize the curriculum so that the students fit into the industrial scenario meaningfully.
14. Software Technologies Training: The first party will provide the training to the students and Faculties of the second party on different technologies like Data Science, Data Analyst, Artificial Intelligence, Tableau, Python, etc., Research and Development
15. Skill Development Programs: First Party to train the students of the second Party on the emerging technologies in order to bridge the skill gap and make them industry ready.
16. Guest Lectures: First Party to extend the necessary support to deliver guest lectures to the students of the second Party on the technology trends and in-house requirements.

ExcelR Solutions  
49, 1<sup>st</sup> Cross, 27<sup>th</sup> Main, behind Tata Motors, 1<sup>st</sup> Stage, BTM Layout, Bengaluru, Kamataka 560068  
Email: enquiry@excelr.com | 1800-212-2120(Toll Free)  
www.excelr.com

17. Faculty Development Programs: First Party to train the faculties of the second Party for imparting training as per the industrial requirement considering the National Occupational Standards in concerned sector, if available.
18. Both Parties to obtain all internal approvals, consents, permissions, and licenses of whatsoever nature required for offering the Programs on the terms specified herein
19. There is no financial commitment on the part of the second party to enroll the students and faculties for the different free trainings run by the first party under Everyday Learning Initiation.
20. The first party would extend the help in providing artifacts such as training records and certificates to the second party upon a written request from the second party. This information is limited to only the students of the second party and at the discretion of the first party.
21. In case, the second party wants to conduct customized commercial training then this agreement can be amended, adding annexure with mutually agreed terms.

### CLAUSE 3: INTELLECTUAL PROPERTY

22. The first party will have the sole rights on the curriculum and related content provided in the training and it cannot be replicated or copied without the consent of the first party.
23. Confidentiality: Except as may otherwise be required by law, each party will hold confidential, during and after the term of this Agreement, any confidential information disclosed to it or its representatives, and will not disclose any such confidential information to any third party.

### CLAUSE 4: VALIDITY

24. The period of the agreement is valid for a period of 2 years from the date of signing of this agreement
25. This agreement will be valid only at the intentions of the parties involved therein, this MOU could be dissolved or cancelled by either party any time by giving 30 days' notice and shall not have any legal bindings in nature. should either or all the parties to it opt to not act upon, the MOU loses its validity.

### CLAUSE 5: RELATIONSHIP BETWEEN THE PARTIES

26. It is expressly agreed that First Party and Second Party are acting under this MOU as independent contractors, and the relationship established under this MOU shall not be construed as a partnership. Neither Party is authorized to use the other Party's name to make any representations or create any obligation or liability, expressed or implied, on behalf of the other Party, without the prior written consent of the other Party. Neither Party shall have, nor represent itself as having, any authority under the terms of this MOU to make agreements of any kind in the name of or binding upon the other Party, to pledge the other Party's credit, or to extend credit on behalf of the other Party.

---

## A Workshop Report on “Cloud Computing and DevOps”

Date: 06-12-2022

Venue: ExcelR office

No of participants:104

The Workshop organized by the Department of CSE in association ExcelR on, 06-12-2022, ExcelR has grown to become a leading giant in space of Training and Consulting, helping students and professionals across the globe by delivering top-notch, world-class classroom and online training. We house a passionate bunch of professionals that are committed towards answering the industry needs in the ever-changing technological advancements and catering towards all your needs.

### Topics Covered:

#### 1. Introduction to Cloud Computing:

- Definition and Concepts: Overview of cloud computing, its essential characteristics, service models (IaaS, PaaS, SaaS), and deployment models (public, private, hybrid).
- Benefits: Scalability, flexibility, cost-efficiency, and access to advanced technologies.
- Major Providers: Introduction to leading cloud service providers such as AWS, Microsoft Azure, Google Cloud Platform, and IBM Cloud.

#### 2. Cloud Services and Solutions:

- Compute Services: Virtual machines, containerization (Docker, Kubernetes), and serverless computing.
- Storage Solutions: Block storage, object storage, file storage, and databases (SQL and NoSQL).
- Networking: Virtual private clouds (VPCs), content delivery networks (CDNs), and load balancing.
- Security: Identity and access management (IAM), encryption, compliance, and best practices for securing cloud environments.

#### 3. Introduction to DevOps:

- Definition and Principles: Overview of DevOps, its core principles (culture, automation, measurement, and sharing), and the DevOps lifecycle.
- Benefits: Faster delivery of software, improved collaboration between development and operations teams, and enhanced product quality.

#### 4. DevOps Practices and Tools:

- Continuous Integration (CI): Tools and practices for integrating code changes frequently (Jenkins, GitLab CI, Travis CI).
- Continuous Deployment (CD): Automated deployment processes to deliver applications to production (Spinnaker, CircleCI, AWS CodePipeline).
- Infrastructure as Code (IaC): Managing and provisioning infrastructure through code (Terraform, Ansible, Chef, Puppet).
- Monitoring and Logging: Tools for monitoring application performance and logging

---

(Prometheus, Grafana, ELK Stack).

## 5. Case Studies and Real-World Applications:

- Industry Use Cases: Examples of how companies leverage cloud computing and DevOps to enhance their operations and achieve business goals.
- Success Stories: Discussion of successful implementations and lessons learned from real-world projects.

## 6. Hands-on Demonstrations:

- Cloud Environment Setup: Step-by-step guide to setting up a cloud environment using a popular cloud service provider.
- CI/CD Pipeline: Demonstration of creating a CI/CD pipeline to automate the build, test, and deployment process.

## Outcomes:

- Enhanced Understanding: Students gained a solid foundation in cloud computing and DevOps, understanding their importance and applications.
- Practical Skills: Hands-on demonstrations provided students with practical experience in setting up cloud environments and implementing DevOps practices.
- Industry Insight: Real-world case studies and examples helped students understand the impact of these technologies in various industries.

MISCELLANEOUS PROVISIONS

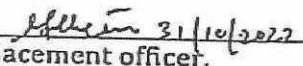

The Memorandum of Understanding (MOU) as outlined in this document is not intended to be a legally binding document. Rather, it is meant to describe the nature and cooperative intentions of City Engineering College and Transit to suggest guidelines for cooperation. Nothing, therefore, shall diminish the full autonomy of either party, nor may any constraints be imposed by either upon the other, and nothing in this MOU shall be deemed to create a partnership, joint venture, or agency relationship between the parties. Any other matter not included in this MOU which is necessary for the smooth functioning of the Scheme shall be finalized among City Engineering College and Transit on mutual terms and conditions. The Memorandum of Understanding is not intended to create any legal relation of employer-employee or of principal and agent amongst the parties.

AGREED AND SIGNATURE

This MOU shall be effective upon the signature of City Engineering College and Transit authorized officials.

On Behalf of City Engineering College

**Training & Recruitment Partner**

Date: **04.11.2022 to 08-11-2022**

Venue: A- Block Class rooms

No of participants:130

As development professionals, it's also an important part of our responsibilities, and the basis for any effective Monitoring, Evaluation, Learning & Sharing system to train our students and build them industry ready. Without a solid process for training, we often put it off. Understanding the objectives, selecting the right methods to collect data for technical training, analysing that data, planning, drafting, editing, and, ultimately, persuading ... and so many steps where things can go off-track.

And therefore here, we the **Training & Placement cell** come up the **Technical training sessions for the Final year Students.**

**Introduction:**

The main goal for this training course is:

1. Improve and enhance the capabilities and skills of upcoming graduates and readiness to work in the industry.

**Training Name:**

- Technical training Sessions for Final year students.

**The topics of the course:**

- All the fundamental subjects of Engineering relevant to irrespective of all branches.

**Date and Period:**

The training course started on **04.11.2022 from 9:30 am to 4:30 pm.**

**Methodology of training:**

**The training focused on applied and practical methods by using the following concepts:**

- Brainstorming regards the definition of role in leading and developing the organization.
- Presenting the subjects by involving the students in discussion and encouraging conversation.

- Dividing the large group into small groups and given these small groups specific tasks as example, PPT presentations, single person explaining a topic, etc.

### **Positive aspect of the training:**

- The students were interested and enthusiastic about all the subjects.
- The instruction followed a democratic system in managing their sessions.
- The participants have gained reasonable skills experiences which will enable them to prepare and write project project proposals.
- The class room is well equipped and convenient.

### **Evaluation of the performance of the students:**

- The students in Training would be evaluated through the test sessions.

## Memorandum of Understanding

This Memorandum of Understanding (MoU) is made and entered into on <sup>13 Apr 2023</sup> [Date] between City Engineering College, represented by Matheen Shariff [Placement Head], hereinafter referred to as the "College", and Colt Assist Pvt Ltd, represented by Nandish kumar A T [COO], hereinafter referred to as the "Company."

### OBJECTIVE

The objective of this MoU is to provide placement opportunities to the students of the College in various companies through Colt Assist Pvt Ltd.

### RESPONSIBILITIES OF THE COMPANY

The Company agrees to

- Provide job descriptions and other details of available job openings to the College.
- Conduct campus interviews and select candidates for job openings.
- Provide job offers and appointment letters to the selected candidates.
- Conduct pre-employment training or orientation programs for the selected candidates, if required.
- Facilitate communication between the selected candidates and the respective companies.

### RESPONSIBILITIES OF THE COLLEGE

The College agrees to

- Provide a list of eligible students to the Company.
- Provide suitable facilities for conducting campus interviews.
- Coordinate with the Company to schedule interviews and other activities.
- Facilitate communication between the students and the Company.

### DURATION OF THE AGREEMENT

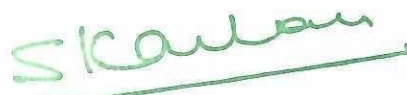

This MoU shall remain in effect for a period of 2 years from the date of signing, unless terminated earlier by mutual agreement or for any other valid reason.

### TERMINATION

This MoU may be terminated by either party upon 60 days written notice to the other party, in case of any breach of the terms of this MoU, or for any other valid reason.

Dear Sir,

Thank you for giving us the opportunity to discuss various services that we can provide to your esteemed institution. With more than 10 years of IT training experience and offering training through more than 100 centers in the country currently, we are poised to provide the best learning solution and related services. As we have our Edureka Learning Center at BTM Layout 2nd Stage, Bangalore, our solutions are already customized for you.

Our offerings to your institution include:

- Access to free online certification programs
- One free webinar/workshop and/or seminar per month
- Students will also be eligible for a 10% discount at our center on the production of college IDs and a recommendation letter from your desk.
- Free access to Elevayt, our placement platform that can connect your students to corporates across the country.
- We will also conduct job fairs/placement drives at certain intervals across the year in our center. Your students can enroll for the same for free by producing the college IDs and your recommendation letter.

As a special case, we can extend all the above to the last 3-year-alumni of your college.

We will position your institution as Veranda Academic Partner to all stakeholders in various corporates to help promote your students for placements.

We request your support in:

- Organizing free classes/workshops etc. in classrooms/auditoriums of the college
- Identifying places in your institute and website to display information regarding upcoming workshops, webinars, job fairs etc. so that we can work with you to make the students aware of such events.

We are confident that your students will find our end-to-end offering – course-to-placement support – beneficial. We look forward to a long-term association with City Engineering College !

With regards,

Sagar Rai

## A Report by Training and Placement cell

### “Boot Camp on Data Science by M/s Edureka!”

Date: April 13, 2023  
Venue: CSE Seminar Hall  
No of Participants:90

The bootcamp organized by the Training and Placement cell on April 13, 2023, in association with **Edureka Learning Center**, they believe in imparting the latest, in-demand, tech skills through their exclusively curated courses to bridge the gap between industry demand and talent supply. The mission is to provide students with an excellent learning experience and help them to attract the jobs of their dreams. They provide learners with world-class content in an easy-to-use format and help them match the crazy pace of technological evolution. At Edureka Learning Center, the students are not mere learners, they are the future IT professionals.

### Objectives

The primary objectives of the Data Science Hybrid Training Program were:

- To provide comprehensive training in data science concepts, tools, and techniques.
- To enhance participants' practical skills through hands-on projects and real-world applications.
- To prepare participants for careers in data science by offering industry-relevant knowledge and certification.

---

### Key Highlights of the Session:

1. **Fundamentals of Data Science:** The bootcamp began with an in-depth exploration of foundational concepts in Data Science. Participants acquired a robust understanding of statistical analysis, data preprocessing, and data cleaning, laying a strong groundwork for practical applications.
2. **Data Visualization Techniques:** Practical workshops were dedicated to exploring various data visualization tools and techniques. Students actively engaged in creating impactful visualizations to effectively convey complex insights.
3. **Skill Enhancement:** Participants honed their skills in essential data analytics tools such as Python, R, and popular visualization platforms. This hands-on experience significantly enhanced their ability to gather, analyze, and interpret data in real-world scenarios.
4. **Increased Confidence:** The practical approach of the bootcamp instilled a newfound confidence in participants to apply data Science techniques proficiently. This confidence boost is pivotal as students prepare to transition from academic settings to professional environments.
5. **Continued Learning Opportunities:** To sustain the momentum generated by the bootcamp, organizers recommend offering advanced courses, webinars, and networking events. These opportunities will enable participants to deepen their expertise and stay abreast of emerging trends in data Science.

## Outcomes

- **Knowledge Acquisition:** Participants gained a comprehensive understanding of data science and its applications.
- **Practical Skills:** Through hands-on exercises and projects, participants developed practical skills in data manipulation, analysis, and machine learning.
- **Project Experience:** The capstone project provided an opportunity for participants to demonstrate their ability to apply data science methods to solve real-world problems.
- **Networking:** Participants had the chance to connect with industry professionals and peers, creating valuable networking opportunities.
