ACTIVITY REPORT 2023-2024

NAME OF THE ACTIVITY: Field Activity on “Community Service: Public Park Cleanup”			
DATE	FACULTY	DEPARTMENT	COORDINATOR NAME
08/07/2023	S&H	NSS S&H	Mr. Gopikishan Ms. Janavi R/ Mrs. Swaroopini B S
TIME	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
10:30 AM	Pipeline Park, Vasanthpura	10	Outdoor

BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	Community Service: Public Park Clean-up
OBJECTIVE	The objective of the community service – public park clean-up was to improve the aesthetic appeal of the public park by removing litter, debris, and other unsightly materials. To promote environmental stewardship by cleaning up trash and preventing pollution.
OUTCOMES	Improved Park Environment: The most immediate outcome is a cleaner and more aesthetically pleasing park environment. Removing litter, debris, and other waste enhances the park's appearance and makes it more enjoyable for visitors. Environmental Impact: By removing trash and waste from the park, students contributed to environmental conservation. This action helps prevent pollution of natural habitats,

water bodies, and wildlife that may be affected by improperly disposed waste.

Community Engagement: The clean-up event fosters community involvement and engagement. It encourages collaboration among students, volunteers, and local residents, promoting a sense of shared responsibility and pride in the community's public spaces.

Educational Experience: Participating in the clean-up provides students with hands-on learning opportunities about environmental issues, waste management, and the importance of conservation. It can deepen their understanding of how individual actions contribute to broader environmental health.

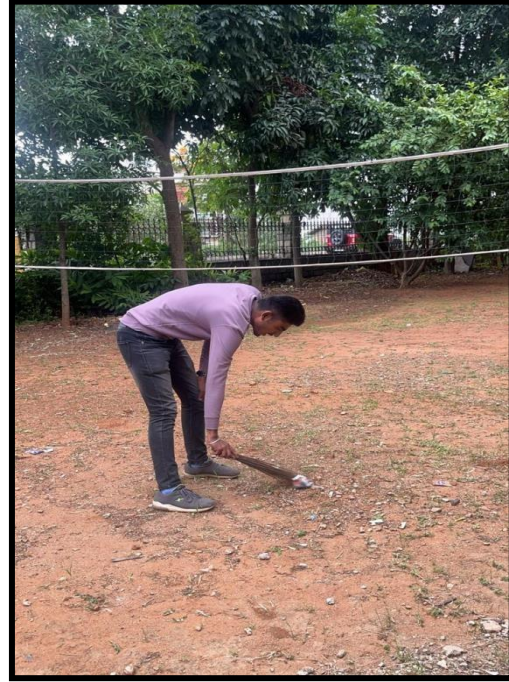

Promotion of Civic Responsibility: Engaging in community service instills values of civic responsibility and stewardship among students. It encourages them to take an active role in caring for their community and its resources.

Social Benefits: The event promotes social interaction and teamwork among participants. Working together towards a common goal strengthens bonds and builds relationships within the group and with the broader community.

BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	PLASTIC POLLUTION AWARENESS
OBJECTIVE	The objective of “The Plastic Pollution Awareness” Program conducted at Government High School, Jaraganahalli, is to educate students about the environmental impact of plastic pollution and promote sustainable practices among the youth.
METHODOLGY	<p>Introduction: The program began with an introduction to the importance of environmental conservation and the specific focus on plastic pollution. Students were briefed on the prevalence of plastic waste and its harmful effects on ecosystems and human health.</p> <p>Educational Presentations: NSS volunteers delivered informative presentations covering:</p> <ul style="list-style-type: none">• Types of plastics and their non-biodegradable nature.• Case studies illustrating the impact of plastic pollution on marine life and terrestrial habitats.• Global efforts and local initiatives to mitigate plastic pollution. <p>•Interactive Discussions: Engaging discussions were facilitated to encourage students to share their knowledge and experiences related to plastic usage. They actively participated in brainstorming sessions on practical ways to reduce plastic consumption in their daily lives.</p> <p>•Demonstrations and Activities: Practical demonstrations were conducted to showcase Alternative eco-friendly materials and products.</p>

CITY ENGINEERING COLLEGE

Approved by AICTE New Delhi & Affiliated by VTU, Belagavi
Doddakallasandra, Off Kanakapura Main Road,
Next to Gokulam Apartment, Bangalore - 560 062.

Day wise Report:

Day 1: Obtaining Authorization from the Panchayat Office

The students initiated the project by obtaining the necessary permissions from the local Panchayat office. This step ensured that their activities were authorized and supported by the local governing body.

Day 2: Project Area Survey and Assessment

A thorough survey of the designated project area was conducted. This involved assessing the extent of garbage accumulation, identifying key areas that needed immediate attention, and planning the logistics of the clean-up operation.

Day 3: Garbage Collection and Cleaning Drive

The students actively participated in collecting and cleaning the garbage. They focused on both solid waste and plastic waste, ensuring that the area was cleared of all types of litter.

Day 4: Community Awareness Campaign

To ensure long-term success and sustainability, the students conducted awareness campaigns. They educated the local community on the importance of proper garbage disposal, the benefits of maintaining a clean environment, and practical ways to manage waste effectively.

Day 5: Organic Waste Collection and Composting

Organic waste was segregated from other types of waste. The students set up composting facilities to process this organic waste, turning it into useful compost that can be used to enrich the soil.

Day 6: Controlled Combustion of Solid Organic Waste

Solid organic waste that could not be composted was subjected to controlled combustion. This process helped in reducing the volume of waste and managing it in an environmentally friendly manner.

Day 7: Project Outcome and Certification from Panchayat Office

Upon the successful completion of the project, the students documented the outcomes, highlighting the improvements in the cleanliness and hygiene of the area. They then approached the Panchayat office to obtain a letter of completion, which served as official recognition of their efforts and achievements.

Outcome:

Around 200 people of Arakere are helped through this extension activity.

BRIEF INFORMATION ABOUT THE ACTIVITY

TITLE OF THE ACTIVITY	"Temple Cleaning Initiative: Swachh Bharat Campaign in Action"
OBJECTIVE	The objective is to mobilize volunteers and local communities in systematically cleaning and maintaining temple premises to promote cleanliness, hygiene, and civic responsibility. By raising awareness, encouraging active participation, and ensuring the upkeep of temple environments, the initiative aims to create a clean and welcoming atmosphere for worshippers and visitors, contributing to the broader goals of the Swachh Bharat Mission for a cleaner and healthier India.
OUTCOMES	Improved Hygiene: Temple premises are cleaner and more hygienic, reducing the risk of infections and diseases for worshippers and visitors. Awareness and Education: Enhanced awareness among devotees and the community about the importance of cleanliness and hygiene in religious spaces. Behavioural Change: Encourages responsible waste disposal practices and promotes cleanliness habits among worshippers and visitors. Enhanced Visitor Experience: Visitors experience a more pleasant and spiritually conducive environment, leading to increased satisfaction and repeat visits. Contribution to Swachh Bharat Mission: Aligns with

BRIEF INFORMATION ABOUT THE ACTIVITY

NAME OF THE ACTIVITY	WORLD WATER DAY : GROUND WATER AWARENESS
OBJECTIVE	The objective of World Water Day focusing on groundwater awareness is to educate and mobilize communities, policymakers, and stakeholders about the critical role of groundwater in sustaining ecosystems, agriculture, and human livelihoods.
EVENT DETAILS	Students promoted sustainable groundwater management practices by raising awareness about groundwater depletion and contamination risks. They encouraged effective conservation measures to ensure equitable access to clean and safe groundwater for both current and future generations.

BRIEF INFORMATION ABOUT THE ACTIVITY

NAME OF THE ACTIVITY	WORLD EARTH DAY AWARENESS
OBJECTIVE	The objective of World Earth Day awareness initiatives is to educate and inspire individuals, communities, and organizations worldwide about environmental issues, fostering a deeper understanding of the planet's challenges and promoting actions that contribute to sustainability.
OUTCOMES	Increased Awareness: Heightened understanding among individuals and communities about environmental issues such as climate change, biodiversity loss, and pollution. Behavioural Change: Adoption of sustainable practices such as recycling, energy conservation, and reduced waste generation by individuals and organizations. Community Engagement: Enhanced participation in environmental activities such as clean-up drives, tree planting initiatives, and eco-friendly workshops. Educational Impact: Integration of environmental education into curricula and programs, promoting long-term awareness and action among students

ACTIVITY REPORT 2023-2024

NAME OF THE ACTIVITY: "Plastic Awareness Programs for street Vendors "			
DATE	FACULTY/STUDENT	DEPARTMENT	COORDINATOR NAME
18 th May 2024	CSE	NSS	Mr. GopiKishan
TIME	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
11:30 AM	Agara GramaPanchayath	25	Outdoor

BRIEF INFORMATION ABOUT THE ACTIVITY

NAME OF THE ACTIVITY	Plastic Awareness Programs for street Vendors
OBJECTIVE	<p>The primary objective of the Plastic Awareness Program conducted by City Engineering College's CSE students was to:</p> <p>Raise Awareness: Educate street vendors about the detrimental effects of plastic pollution on the environment and human health.</p> <p>Promote Sustainable Practices: Encourage the adoption of eco-friendly alternatives to single-use plastics.</p> <p>Provide Practical Solutions: Distribute paper bags made from recycled newspapers to street vendors, offering a sustainable alternative to plastic bags.</p>
ACTIVITIES	<ul style="list-style-type: none">• Students interacted with vendors to educate them about the harmful effects of plastic on the environment and human health, highlighting the importance of adopting eco-friendly alternatives.• Distribution of Paper Bags: As part of the initiative, students made paper bags from old newspapers themselves. These eco-friendly bags were distributed among street vendors free of cost to encourage them to use these instead of plastic bags.
OUTCOMES	<ol style="list-style-type: none">1. Sustainable Practices: The program successfully introduced and promoted the use of paper bags made from recycled newspapers, reducing the reliance on single-use plastics in the local community.2. Community Involvement: The initiative fostered a sense of community involvement, with students and vendors working together towards a common goal of environmental conservation.
