Report on Yoga Activity for women

Yoga is a mental, physical and spiritual practice that needs to be carried every day. Yoga has been conducted under guidance of Mrs. Sunita Kumari a certified Yoga teacher from Bihar school of Yoga. Session has been conducted for women on **June 21st 2021** with COVID-19 Rules and Regulation given by the State Government. A lecture on health tips and awareness was presented by Yoga Teacher. Later on, Health Awareness Program me was followed by Yoga and Meditation by the sameteam. They explained about the benefits of Yoga and Meditation and how it can help the students in managing stress related problems and also taught them many exercises. All the students participated very actively.

Date-08.07.2021

Report on Self-Management

The Seminar was held on SELF MANAGEMENT on 8th July by Dr. Sowmya. Self-management is a fundamental skill that empowers individuals to control their actions, emotions, and decisions effectively. It plays a crucial role in personal development, professional success, and overall well-being. This report aims to explore the concept of self-management, provide practical strategies for its implementation, and highlight its benefits in various aspects of life. Self-management is a critical skill enabling individuals to control actions, emotions, and behaviors effectively. This report explores its importance and provides practical strategies for implementation.

FIG 1. Session addressed by Dr. Sowmya

CITY
ENGINEERING COLLEGE

Objectives:

- To **Clarify Concepts:** Define self-management and its relevance in personal and professional contexts.
- To **Provide Strategies:** Offer actionable techniques like goal setting and time management for improving self-management skills.
- To **Highlight Benefits:** Illustrate how effective self-management enhances productivity, decision-making, and stress management.
- To **Offer Practical Guidance:** Provide steps for individuals to implement self-management strategies in daily life.

Outcomes:

The outcomes of this self-management initiative were significant. By adopting structured planning techniques, prioritizing tasks, and utilizing time management tools, there was a noticeable increase in productivity and efficiency. Additionally, the ability to maintain motivation and manage stress improved, leading to a more balanced and fulfilling lifestyle.

KANNADA RAJYOTSAVA

Date-02.11.2021

Report on Kannada Rajyotsava Day

The Rajyotsava Day is the state festival of Karnataka and is observed on November 1st every year. The day is celebrated to commemorate the birthday of Karnataka as the state was formed on this day. The Rajyotsava day is celebrated with great joy and vigor all over the state of Karnataka.

In City Engineering College, NSS club organized the Kannada Rajyotsava celebration event on Nov 12th 2021. Event commenced with Lighting the lamp and Flag hoisting by Dr. Thippeswamy H N (Principal of our college) and we gave the salute to our State Flag and sang our State Anthem. In flag hoisting, HOD's of all departments, staff members, students, office staff & attenders of our institute were present. After flag hosting, Dr. Thippeswamy H N (Principal) addressed the gathering. Cultural activities like dances, songs and dramas were performed by CEC students.

We heartily express our thanks toward the head of the institute for his kind and cooperative support all the time for the success of the event.

SAKALA SERVICE ACT

Date-15.11.2021

CITY
ENGINEERING COLLEGE

Report on Sakala Service Act

Karnataka Sakala Services Act was passed in 2011 to provide guarantee of services to citizens in the Indian state of Karnataka with a stipulated time limiting to citizen related services. The act came to be known as Sakala act since November 2012. Karnataka is the tenth state to incorporate an act under Right to Public Services legislation.

The Sakala program is backed by a comprehensive information technology network, developed by the National Informatics Centre (NIC) to provide solutions and services and to monitor the services.

We heartily express our thanks toward the head of the institute for his kind and cooperative support all the time.

FIG 1: Mr. Gopikishan giving awareness about Sakala service

OUTCOME:

The awareness program on the Sakala Service Act is expected to significantly enhance the knowledge and understanding of our college community regarding the importance of timely public service delivery and transparent governance. By educating participants about their rights and the procedures to access various services, the program aims to empower individuals to actively engage with public services more effectively. This initiative will foster a sense of responsible citizenship, encourage accountability, and ensure that students and staff are well-informed about the benefits and processes of the Sakala Service Act.

Sub: Regarding Permission to conduct Covid Test in our college

Respected Sir,

We would like to conduct a Covid Test on 9th DEC 2021 to propose the implementation of regular COVID-19 testing for all students, faculty, and staff within our college. This initiative will not only provide a safer environment for in-person learning but also help in alleviating the anxiety and concerns related to the pandemic among our college community.

So, I request you to permit us to conduct this program. Kindly do the needful.

Yours Sincerely

Report on Covid – 19 Testing

Coronavirus disease (COVID-19) is an infectious disease caused by the SARS-CoV-2 virus. Most people infected with the virus will experience mild to moderate respiratory illness and recover without requiring special treatment. However, some will become seriously ill and require medical attention and also increase the number of tests in various city.

The best way to prevent and slow down transmission is to be well informed about the disease and how the virus spreads. Protect yourself and others from infection by staying at least 1 meter apart from others, wearing a properly fitted mask, and washing your hands or using an alcohol-based rub frequently. Get vaccinated when it's your turn and follow local guidance.

The new covid variant called omicron started and now the school, colleges are open so it's time to take care of all the students so the city engineering college has taken the initiative to conduct the covid testing in our college campus for students and staff members.

In City Engineering College, NSS club organized the COVID TESTING event on DEC 9th 2021 with the help of BBMP (**BRUHAT BENGALURU MAHANAGARA PALIKE**) and with the help of the doctor and our respected principal of our college Dr. Thippeswamy H N and all the staff members.

We heartily express our thanks toward the head of the institute for his kind and cooperative support all the time.

OUTCOME:

By conducting this COVID-19 testing drive, we aim to significantly reduce the transmission of the virus within our campus through early detection of both symptomatic and asymptomatic cases. The data gathered from this initiative will assist the administration in making informed decisions about in-person activities and implementing enhanced safety measures as needed.

Additionally, regular testing will boost the confidence of our students, parents, faculty, and staff in the college's commitment to maintaining a safe and healthy environment.

Report on Promoting Women Empowerment in the workplace

The Seminar was held on Promoting Women's Empowerment in the Workplace on 3rd February 2022 by Mrs. Ambika. In today's rapidly evolving corporate landscape, the significance of women's empowerment cannot be overstated. It is not merely a moral imperative but a strategic business decision that fosters innovation, enhances productivity, and drives economic growth. Despite the progress made, gender disparities persist in many workplaces, necessitating concerted efforts to bridge the gap. This seminar aimed to explore the multifaceted dimensions of women's empowerment in the workplace, share best practices, and chart a path forward for our organization.

FIG.1 Session by Mrs. Ambika

Objectives:

The primary objective of this seminar was to create a platform for dialogue and learning on women's empowerment. Specifically, the seminar aimed to:

- Raise awareness about the current status of gender equality in the workplace.
- Identify barriers to women's advancement and leadership roles.
- Share strategies and best practices for promoting gender diversity and inclusion.
- Develop actionable recommendations for our organization to foster an environment that empowers women.

Outcome

The seminar on promoting women's empowerment in the workplace yielded fruitful outcomes. It successfully raised awareness about the existing gender disparities and identified significant barriers such as unconscious bias, lack of mentorship opportunities, and insufficient policies supporting work-life balance. Through shared experiences and best practices from various organizations, attendees gained valuable insights into effective strategies for fostering gender diversity and inclusion. The seminar concluded with a set of tailored recommendations for our organization, including the development of a comprehensive diversity and inclusion policy, implementation of unconscious bias training, establishment of mentorship and sponsorship programs, review and enhancement of work-life balance policies, and creation of a women's network to support and facilitate the success of female employees. These actionable steps are pivotal in our journey towards achieving gender equality and creating a more inclusive workplace.

Report on Ramadan celebration

In a world marked by diversity, understanding, and unity, our college recently hosted a joyous and inclusive Iftar Meet celebration. Ramadan is considered one of the holiest months of the year for Muslims. In Ramadan, Muslims commemorate the revelation of the Qur'an, and fast from food and drink during the sunlight hours as a means of drawing closer to God and cultivating self-control, gratitude, and compassion for those less fortunate. Ramadan is a month of intense spiritual rejuvenation with a heightened focus on devotion, during which Muslims spend extra time reading the Qur'an and performing special prayers. This event served as a poignant reminder of the importance of solidarity, empathy, and communal harmony.

Objectives:

The event not only celebrated diversity but also highlighted the universal values that Ramadan embodies—values such as compassion for others' struggles, self-discipline in personal conduct for spiritual growth, charity towards those in need regardless of background or belief.

By fostering an environment where people could come together to appreciate each other's traditions and beliefs while embracing common values such as empathy and unity.

Outcomes:

- The Iftar Meet was a beautiful demonstration of how different cultures can come together to celebrate shared humanity while honoring unique traditions.
- It exemplified how solidarity can be nurtured through mutual respect for each other's practices.
- The event showcased that despite our differences in faith or culture we can find common ground through empathy making it an important milestone towards building inclusive communities within educational institutions.

Report on Jalshakti Abhiyan

NSS of City Engineering College, Bengaluru, organized Jal Shakti Abhiyan from April 04th to April 13th near Thittahalli & Chinnakurchi village to create awareness and bring together all stakeholders in a mass movement to conserve and recharge water. Water conservation and recharge is of utmost importance to ensure water security for our country to protect lives and livelihoods. Ministry of Jal Shakti has proposed implementation of "Jal Shakti Abhiyan: Catch the Rain-2022". The campaign is to be implemented with the theme "Catch the Rain, where it falls, when it falls".

Sixth semester students of Civil Engineering Department were actively participated in the programme. Gopikishan J, Programme Coordinator, NSS, CEC welcomed the gathering. Vinaykumar S N, Manjunath K E, Jayanth K S, Assistant professors, CEC, initiated the activity among volunteers. The volunteers created Public Awareness about Rain Water Harvesting, Water conservation, Reuse borewell recharge. Refreshments were distributed to public gathered. We heartily express our thanks towards the K.Gollahalli Grama Panchayath, Thittahalli & Chinnakurchi villagers & head of the institute for their kind and cooperative support all the time for the success of the event.

Objective:

The objective of the "Jal Shakti Abhiyan: Catch The Rain" program conducted in the village was to raise awareness about water conservation and promote rainwater harvesting techniques. Through educational workshops, practical demonstrations, and community engagement activities, the program aimed to equip villagers with the knowledge and skills needed for sustainable water management

Outcomes:

The outcome was a community well-versed in the importance of conserving water and the methods to do so effectively. Villagers learned about various rainwater harvesting systems, the significance of groundwater recharge, and traditional water-saving practices. They also gained hands-on experience in setting up rainwater harvesting units and understanding the role of tree plantation in water conservation. As a result, the village community is now better prepared to implement these practices, ensuring a more sustainable and secure water future.
