City Engineering College

City Engineering College was established under Jayanagar Education Society by Dr K.R Paramahamsa, Chairman in the year 2001. The college provides degrees in fields such as Computer Science, Electronics and Communication, Civil, Mechanical and Electrical Engineering.

The college emphasizes quality education, research, and practical learning through state-of-the-art facilities, modern labs, and industry tie-ups. The College has several departments such as CSE, ISE, AIML, ECE, Civil, ME , CSE (IOT), BBA, BCA , MCA, MBA along with Ph.D. programme. With a focus on holistic development, City Engineering College prepares students for successful careers in the ever-evolving technology and engineering sectors.

About The Conference

The Conference focuses on exploring cutting-edge engineering solutions to address global sustainability challenges.

Objectives of the conference is promoting innovation in sustainable engineering, facilitating knowledge sharing among researchers and experts fostering collaborative networking across academia and industry, raising awareness about sustainability issues and addressing key challenges through practical solutions.

Outcomes expected from the conference are the generation of innovative solutions, strengthened research collaborations, the formulation of actionable strategies, advocacy for supportive policies, increased awareness of sustainable practices, and enhanced capacity building among students and professionals.
